PROGRAM OF INTEREST:

Cynthia Dietz would like to call our attention to a program to be held at F.I.T. on June 7-8, 2007. **She is the starting speaker on Metadata!** In addition, David Allen - who most of us remember - will be giving a talk. The topic is apropos to our Revolutionary War historical documents we acquired. David is giving a talk about mapping of New York during the time period of 1720 - 1775 (pre Revolutionary War). There are other items that may be of interest including a tour of New York Public Library. Here is the attached information:
