LIBRARY CLUB READY TO ROLL: (Submitted by Victor Santiago)

It is my pleasure to announce the official launch of Stony Brook University's first Library Club. The Library Club is a student club open to all SBU students and is recognized by the SBU student governance.

Our current officers -

President: Greg Smith

Vice President: Kenny Chang

Secretary: Raja Keluskar

Treasurer: Raja Singh

Advisor: Victor Santiago

Webmaster: Lauren Guenveur

Webmaster: Luis Rodriguez

What makes the Library Club Special?

The Library Club is the only student organization created to join together SBU students and library staff to benefit the SBU community. The Library Club was created by students who worked in the library or are currently working in the library. They have experienced both the role of a library student employee and the role of the library patron. This perspective is unique, and offers a great opportunity for creative ideas for the club to integrate with the library and SBU community. The Club can provide a great opportunity for the library to help mentor students and make a lasting impact on student lives. Other clubs associated with academic departments

influence their students.

What is the club up to?

This has been the first official full semester for the club. The main goal this semester has been signing up members and developing the programming. The activities and programs will depend on what the members of the club develop on their own. However, the activities and programs will stem from the central value seen in its mission statement: "The Library Club, a bridge between the Library and the Community." The Library Club is another way for the SBU students and the library to connect.

TRAVEL - 2006 MILEAGE RATE:
