RESEARCH FORUM ON TUESDAY:

Tomorrow, March 13th at noon - 1:30 pm. So bring your lunches; the dessert is "on us". Dana and Cynthia will be taking time to tell us about their research projects.

- Dana is working on the early stages of a study of database content overlap.
- Cynthia, as a MMI (Marine Metadata Initiative) collaborator, intends to create and evaluate a template + thesaurus in a category of oceanography (e.g. chemical oceanography).

The location will be the large conference room based on the number of staff attending. **Let Maryanne know if you will be attending.**

PLAN AHEAD FOR PROGRAM:

Next week, on March 22, the Library Services Committee will be sponsoring a guest presenter -

Chris Kretz, of Dowling College, will be coming to give a program on Podcasting . This will be held in Javits Room, 11:00 am - 12:30 pm. Thank you to Kristen Nyitray for arranging this program . After the talk, staff will accompany the speaker to Jasmine (J-Club) for lunch. This will provide an opportunity to show our appreciation + to allow some staff to have more time to chat .
