HABITAT FOR HUMANITY:

Is anyone interested in working on the house this year? We will be working through the next two months to get it done in time for the family to move in by Christmas.

The 2008 Habitat for Humanity Stony Brook House is now under construction in Shirley, New York, for a single mom with 7 children, two of whom have disabilities.

Some Build Dates Remaining

October ~~9, 17, 18~~, 30, 31

November 6, 7, ~~8~~

To register for your preferred date, e-mail Catherine.Horgan@stonybrook.edu.

Please let Catherine know, as we really do need volunteers to get the place completed! The aluminum siding is to be completed. Remaining to be done is the interior work including nailing sheetrock + applying paint to the spackled walls and the exterior landscaping work. Thanks again.
