NEWS FROM PERSONNEL: (Contributed by Chris Filstrup)

I am pleased to announce two hires. On May 9, John Andrus will join us as a music cataloger. John has extensive experience cataloging music materials, including appointments at Harvard's Music Library, Kurt Weill Foundation for Music, and, most recently, Pierpont Morgan Library. He earned his MLS at Simmons and his PhD in Music at UC Santa Barbara.

Effective April 12, Jason Torre moved from his former project archivist position to a faculty archivist position in Special Collections. He will be responsible for developing the university archive and for overseeing other archival projects such as the barcode industry and Environmental Defense collections. For the last year, Jason has developed, processed, and promoted the barcode industry collection. He earned his MLIS and advanced certificate of Archives/Record Management at the Palmer School. Previous to coming here, he worked in the town of Huntington's Archives and Records Center.
