interview_report.pdf

Dear Members of the Senate Library Services Committee,

This afternoon, the acting Director of the library, Andrew White, emailed me a copy of his report from the interviews that he has conducted with library staff during this spring semester, with the request that I relay it to you, as members of our Senate Library Services Committee. I have attached it herewith as a pdf file. I should note that when I print it, the type fonts are not all uniform, but nevertheless, it is legible. We will discuss this report at our meeting next week. (I know that it is during the final exam period, so if you cannot attend the meeting because of finals, I understand.)

Best,

Bob
