## Patchogue: A Community in Transition

Paul Pontieri

Mayor Village of Patchogue

Since its Incorporation in 1893 the Village of Patchogue has gone from a Port of Entry/industrial river community to a tourist destination, with 1000 hotel rooms, to one of the largest commercial/retail downtowns to a depressed, vacant downtown of the 1990's. It is now 2008 and Patchogue has begun its transition to a 21<sup>st</sup> Century Village and Downtown Community of: Restaurants, Retail, a Hotel, Theatre, and Affordable Artists' Lofts all supported by an ambitious Work Force Housing initiative designed to keep our young families home. .

7:00 PM Sunday November 9, 2008
