STATE UNIVERSITY OF NEW YORK AT STONY BROOK

March 21, 1988

March 22 Honors

Convocation To Accent CED's Role

Faculty, staff and students are invited to the fifth University Convocation March 22 presented by Dr. Paul Edelson, dean of the School of Continuing Education.

The program will be held from 12:15 p.m. to 1:30 p.m. in the Recital Hall at the Fine Arts Center.

Edelson will explore new planning directions for CED, including new and expanded degree and certificate programs and non-credit seminars.

Subtitled "A Commitment to Innovation and Diversity," the convocation will also feature an awards ceremony in honor of Dr. Bentley Glass, Distinguished Professor Emeritus, Department of Biochemistry, who will receive the Founder's Award and Dr. Max Dresden, executive director of the Institute for Theoretical Physics, who will receive the Distinguished Teaching Award.

A panel discussion will follow the program, featuring Glass, Dresden, Howard Scarrow, professor of political science, and Judith Wishnia, assistant professor of social sciences. Edelson said the panel will address the subject of "Teaching in CED"

and will explore the reasons why faculty should become involved with in "exciting" and "innovative" CED programs.

The University Convocations began September 17. Among those who have presented programs were President John Marburger, "Stony Brook in Its Fourth Decade"; Aldona

Jonaitis, vice provost for undergraduate studies, "A Celebration of Undergraduate Education"; Robert Lichter, vice provost for research and graduate studies, "Research and Scholarship: The Stony Brook Difference"; and Provost Jerry Schubel, "Stony Brook: Obstacles and Opportunities."

CED Distinguished Community Service Award

The School of Continuing Education is soliciting nominations for the Distinguished Community Service Prize which is presented annually to a graduating senior. The prize is awarded to a Stony Brook graduate who has made the most significant contribution in the area of service to

the Long Island community. To be considered, the dossier of each nominee must include at least three letters describing the student's service and a typed statement from the student describing his or her qualifications. The material must be received by CED March 24.

Dr. Paul Edelson

Graduates Return To Salute CED

About 60 people, including 35 alumni, turned out for the School of Continuing Education's 20th anniversary party March 5 in the Fine Arts Center.

The school held a wine and cheese reception, followed by a performance

by the Stony Brook Symphony Orchestra. Alumni, current students and faculty associated with the school were invited.

Among the guests were President John Marburger and his wife, Carol, Provost Jerry Schubel and his wife,

Margaret, and Bentley Glass, the originator of the CED program and Distinguished Professor Emeritus, Department of Biochemistry. Guests were treated to a sneak preview of Robert White's sculpture exhibit, which officially opened Wednesday.

INSIDE

Searching for a reliable babysitter? Look no further than the university itself. A new babysitting co-op lets parents sit for each other's children without exchanging a dime. See page 3.

A veteran Stony Brook administrator is hanging up her hat after 19 years of service to the university. Faculty and staff reflect on their relationships with Edna Owens over the years on page 2.

Three of Stony Brook's best and brightest have won the coveted Alfred P. Sloan Fellowships in science and math. All three are young and on the rise. Now their research has been recognized nationally. See page 3.

Famed Author, Hunger Expert To Speak Here

Frances Moore Lappe, author of "Diet for a Small Planet" and co-founder of the Institute for Food and Development Policy, will speak at at Stony Brook March 31 in the Fine Arts Center.

The title of Lappe's 8 p.m. talk will be "Can There Be Hope in a Starving World?" She is the fifth speaker in the university's Distinguished Lecture Series, co-sponsored by *Newsday* and the university's Office of the Provost.

Lappe, one of the world's foremost authorities on starvation and malnutrition, has devoted her career to the problem of world hunger. Her research has focused on what she contends is worldwide mismanagement of agricultural resources, the ineptitude and frequent corruption of food assistance programs and western insensitivity to the plight of underdeveloped nations.

Born in Pendleton, Oregon, she grew up in Fort Worth, Texas. After earning her bachelor's degree at Earlham College in Indiana, Lappe attended the Martin Luther King School of Social Change near Philadelphia and the Graduate School of Social Work at the University of California, Berkeley.

Lappe began her career as a social worker in a Philadelphia ghetto. Frustrated at her inability to get to

the root causes of the suffering there, Lappe began a lifelong quest to understand the roots of poverty and hunger.

Frances Moore Lappe

Her first step, "Diet for a Small Planet," published in 1971, became a three-million-copy bestseller and was translated into six languages.

Stony Brook

Faculty, Staff To Gather In Salute To Owens

BY WENDY GREENFIELD

Caring, efficient and dedicated.

That's how faculty and staff describe Edna Owens, who retires next month as assistant to Provost Jerry R. Schubel after 19 years of service to Stony Brook.

"I think it will be an enormous loss," Schubel said of Owens' retirement. "She's one of the most talented, dedicated and unselfish administrators I've ever known."

A retirement dinner will be held in her honor at the Watermill Inn in Smithtown April 12.

After receiving a bachelor's degree in history and secondary education from Stony Brook in 1969, Owens landed a job at the university as assistant to the former chairman of history David Trask. In 1972, she became assistant to former academic vice president Sidney Gelber, handling faculty personnel matters, appointments, reappointments, promotions and tenure cases, to name a few of her responsibilities.

She worked for Gelber until 1981 when Homer Neal took over as provost. Neal, who was provost from 1981 to 1986, is now chairman of the Physics Department at the University of Michigan. Gelber, who has resumed his teaching position in the Philosophy Department, recalled

Owens as a "remarkable person."

"She is one of the most reliable, trustworthy and skillful people I've encountered in all the years I've been an administrator," Gelber said. "Her greatest concern was that the work was done right and that people were treated fairly."

Faculty also praise her for her caring and efficiency.

"I've known Edna approximately 15 years," said physics professor Peter Kahn, who was chairman of the department from 1974 to 1986. "When I was chairman, I greatly admired her ability to provide precise and correct responses to my asked and unasked questions."

Egon Neuberger, dean of the Social and Behavioral Sciences Department, said of Owens: "I would call her a bureaucrat with a human face. She really cares about people."

Assistant Provost Larry Noonan said finding a replacement for Owens will be a difficult task since she looked after the faculty as if they were her own children.

"There's nobody we'll be able to hire who will take the care she took with respect to seeing that faculty got their pay and benefits," Noonan said.

For Owens, the job as assistant to the provost has been "rewarding." "I've always thought of it as a service-oriented job. You feel like you're accom-

plishing something," she said.

Proudly, she points to two awards she describes as highlights of the job: the President's Award for Excellence in Professional Service, 1982-83, and a plaque for Outstanding Contribution to the Provost's Office, 1969-88, which was presented to her by Schubel at the fourth University Convocation February 3.

A remarkably energetic woman, Owens decided to pursue a college education after raising two children, a son who is now a pilot and a daughter who works as an accountant. After obtaining a bachelor's degree, she went on for a master's in library science at C.W. Post in Greenvale. After 10 years of going to school at night, she obtained her bachelor's degree in 1969 and master's degree in 1973.

A resident of Port Jefferson Station, Owens said she looks forward to retirement and catching up on hobbies and activities she barely had time for, including more bowling, playing bridge and traveling. She also enjoys rock hunting, coin collecting and scouting around with her metal detector.

Still, after 19 years on the job, leaving Stony Brook behind won't be an easy task.

"I'm going to miss a lot of people," Owens said. "After being here for so long, I've met so many."

Three Named Alfred Sloan Award Recipients

Three faculty members have been selected as Alfred P. Sloan Research Fellows.

The Sloan Research Fellowships were established in 1955 to provide support and recognition to young scientists, often in their first appointments to university faculties, who are attempting to set up laboratories and establish their independent research projects with little or no outside support.

The three Stony Brook researchers are Scott L. Anderson, assistant professor in the Department of Chemistry; Dan M. Davis, assistant professor in the Department of Earth and Space Sciences; and Ralf J. Spatzier, assistant professor in the Department of Mathematics. They all will receive \$25,000 grants over a two-year period beginning September 16.

Anderson, 32, received the fellowship for his work in chemical physics. Among his research interests, he is studying the physical and chemical properties of metal cluster ions. The work may lead to understanding the properties of metals, metallic films (used in producing semiconductors) and catalysis, the process whereby metals promote chemical reactions.

Anderson, who has been teaching at Stony Brook since 1983, holds a

bachelor's degree from Rice University in Houston, Texas, and a Ph.D. from the University of California at

"Dan Davis is clearly one of the most pre-eminent young geophysicists in the country. . . . Now, the quality of his science has been recognized nationally."

-Deane Peterson,
acting chairman
Earth and Space Sciences

Berkeley. In addition to the Sloan Fellowship, he has won the Dreyfus Foundation Award for Newly Appointed Young Faculty in Chemistry and was a National Science Foundation Graduate Fellow.

Jerry Whitten, chairman of the Chemistry Department said of Anderson's receiving the award: "Scott Anderson is an outstanding experimentalist with a deep understanding of theory. His research on metal clusters has attracted a great deal of attention. He is active in our teaching program and in the supervision of graduate and undergraduate research students."

Dan Davis, 31, is a geophysicist whose specialty is tectonophysics, the study of the mechanical workings of the Earth. He is interested in the nature of the forces that cause deformations in the Earth, particularly those that occur in mountain belts

and at places where plates collide. Davis is conducting calculations of the sizes, shapes and deformational styles of mountain belts. Recently, he has also worked on using seismograms from Soviet nuclear tests to estimate their explosive yield.

Davis will publish his first book this fall, *Turn Left at Orion*, a guidebook for amateur astronomers.

Davis received a bachelor's degree from Princeton University and a Ph.D. from the Massachusetts Institute of Technology. He has been teaching here since September 1986. Davis is a member of the National Research Council Continental Margins Steering Committee and the Tectonics Panel of the international Ocean Drilling Program.

"Ralph Spatzier is a very talented mathematician and this is an extremely good thing for him and the university."

-Irwin Kra, chairman
Mathematics Department

Deane Peterson, acting chairman of Earth and Space Sciences, said it is "relatively" unusual that a Sloan Fellowship be given to a researcher in geophysics.

"We're thrilled and delighted," Peterson said. "Dan Davis is clearly one of the most pre-eminent young geophysicists in the country. He has

testified in the British Parliament on arms control, published widely and is also an excellent teacher. Now, the quality of his science has been recognized nationally."

Ralf J. Spatzier, 31, is studying two areas of mathematics, dynamical systems and differential geometry.

A native of West Germany, Spatzier did his undergraduate work at the Freie Universitat Berlin and the Albert-Ludwigs Universitat. He received his Ph.D. from the University of Warwick, Great Britain. He has been teaching at Stony Brook since 1984.

"It's a fantastic thing," said Irwin Kra, chairman of the Mathematics Department. "He will be able to devote more time to research activities. Ralf is a very talented mathematician and this is an extremely good thing for him and the university."

Ronald Douglas, dean of Physical Sciences and Mathematics said of the fellows: "I'm delighted. It shows that we attract bright, young and ener-

"Scott Anderson is an outstanding experimentalist with a deep understanding of theory."

-Jerry Whitten, chairman
Chemistry Department

getic faculty to Stony Brook and to mathematics and physical sciences in particular.

Author Francis Lappe To Speak Here

from page 1

In 1975, she met Dr. Joseph Collins, author and development expert, at a World Food Day conference in Ann Arbor, Michigan. Together, they founded the Institute for Food and Development Policy, a non-profit research and education center dedicated to independent, non-partisan investigation of food and agricultural policies and the root causes of hunger.

Among her other books, she co-authored *Food First: Beyond the Myth of Scarcity*, *World Hunger: 10 Myths*, *Aid as Obstacle*, *What Differ-*

ence Could a Revolution Make? Food and Farming in the New Nicaragua, and *Mozambique and Tanzania: Asking the Big Questions*.

Her articles have appeared in *Harper's*, *The Nation*, *The Reader's Digest* and the *New York Times*. She

has served as advisor to documentaries on world hunger by ABC and CBS. She has addressed the United Nation's World Conference on Agrarian Reform and Rural Development and has testified before Congress on the impact of agricultural exports.

Auxiliary Sponsors Photo Contest

The University Hospital Auxiliary is accepting entries for its second annual photo contest. Open to all, the contest seeks color photographs for permanent exhibition in University Hospital in two categories, color

prints or slides, by April 1. Rules and forms are at area photo/camera shops; by writing to "Photo Contest," University Hospital Auxiliary, University Hospital, Level 5, 7521; or by calling 4-2699.

Co-Op Network Aiding Parents

Finding a competent, dependable babysitter can be a challenging (and expensive) endeavor. The university offers a practical alternative that provides not only free babysitting services, but a network of support and friendship for children and parents.

The system operates on a co-operative basis; parents sit for each other's children and no money changes hands. A co-op secretary keeps track of how many hours each family has used, and how many they "owe" to the co-op. Sitters are available days, evenings, weekends and holidays. Membership is limited to 40 families.

"It's great," says Margaret Conover, co-op coordinator and assis-

tant director at the university's Museum for Long Island Natural Sciences. "Many of us live far away from the children's grandparents, and the co-op becomes a substitute

work of friends."

Helen Emmerich, director of the university preschool, joined the co-op 12 years ago when her son was one

she recalls. "We could go out knowing that our babysitters were themselves parents who would know what to do in case of illness, or if the lights went out, or any of the things you worry about." As a developmental psychologist, she notes that "the co-op allows children to become used to a number of different people. They don't become attached to one babysitter and refuse all others."

Though most of its members are two-parent families, Conover says, the co-op is being restructured slightly to make it easier for single parents to participate.

For information or to receive a set of the co-op guidelines, call Conover (eves and weekends) at 473-7145.

"The co-op allows children to become used to a number of different people. They don't become attached to one babysitter . . ."

-Helen Emmerich

family. The children end up being invited to each other's birthday parties, while the parents provide each other with moral support and a net-

month old, and dropped out last month "only because the kids are old enough not to need a babysitter. But it was a wonderful experience,"

CAMPUS CURRENTS CLASSIFIEDS

NOTE: Submit one application for each position to either Main Campus or University Hospital Human Resources departments. Candidates for state positions that are identified with an asterisk preceding reference numbers are selected from New York State Civil Service eligibility lists. Contact the Human Resources departments with questions.

Application Deadline: Mar. 25

88-046 - Assistant to Provost, PR-3, \$35,000-43,000.

88-056 - Technical Assistant, (P/T), Marine Sciences, PR-1E, \$20,000-22,000.

C-47-88 - Stenographer, Emergency Medicine, SG-5E.

C-48-88 - Stenographer, CPMP/Obs-Gyn, SG-5E.

*C-49-88 - Keyboard Specialist, Residence Life, SG-6.

C-50-88 - Senior Stenographer (P/T), Marine Sciences, SG-9E.

C-51-88 - Senior Stenographer, CPMP/Medicine, SG-9E.

*C-52-88 - Principal Stenographer, University Counseling Center, SG-12.

M-22-88 - Bus Driver, Trans. Service Flight Management, SG-8.

M-107-87 - Cleaners, HSC Physical Plant, SG-5/SG-4.

*T-16-88 - Computer Operator, Computing Center, SG-10.

*T-17-88 - Senior Computer Operator, Computing Center, SG-14.

UH-84-88 - Elevator Operator, Transportation/Patient Care, SG-5.

UH-85-88 - Hospital Attendant, Hospital Service Administration, SG-5.

*UH-86-88 - Calculations Clerk I, Patient Accounts, SG-6.

UH-87-88 - TH. Sterile Supply Technology, Central Sterile Supply, SG-7.

UH-88-88 - Housekeeper, Housekeeping, SG-7.

*HSC-89-88 - Senior Stenographer, Medicine/Oncology, SG-9.

UH-90-88 - Hospital Attendant, Hospital Service Administration, SG-5.

UH-91-88 - Hospital Attendant, Hospital Service Administration, SG-5.

UH-92-88 - Hospital Attendant, Hospital Service Administration, SG-5.

UH-93-88 - Hospital Attendant, Hospital Service Administration.

*UH-94-88 - Keyboard Specialist, Cardiac Catheterization, SG-6.

*UH-95-88 - Keyboard Specialist, Biomedical Engineering, SG-6.

*HSC-96-88 - Keyboard Specialist, Obstetrics/Gynecology, SG-6.

*UH-97-88 - Calculation Clerk, Patient Accounts, SG-6.

*HSC-98-88 - Senior Stenographer, Microbiology, SG-9.

Application Deadline: Mar. 28

88-020 - Technical Specialist, Neurobiology & Behavior, PR-1E, \$17,000-24,000.

88-057 - Technical Assistant, (P/T), Med/Div. of Pulmonary, PR-1E, \$14,017-35,175.

88-058 - Technical Assistant, Neurological Surgery, PR-1E, \$14,017-16,500.

88-059 - Technical Assistant, Neurological Surgery, PR-1E, \$14,017-35,175.

88-060 - Post-Doctoral Research Associate, Hematology/Medicine, RO-5, \$10,500-30,135.

88-061 - Staff Associate, (P/T), Provost, PR-4 16,800-28,800.

UH2029 - TH Social Worker II, Social Worker Services, PR-3, \$24,000-42,000.

88-062 - Technical Assistant, Hematology/Medicine, PR-1E, \$14,017-35,175.

Application Deadline: Mar. 29

UH2021 - T.H. Clinical Laboratory Technician II, Laboratory/Hematology, GL-3, \$24,000-42,000.

*C-53-88 - Keyboard Specialist, Mathematics, SG-6.

M-2-88 - Electrician, Resident Physical Plant, SG-12.

M-107-87 - Cleaners, HSC Physical Plant, SG-5/SG-4.

*UH-99-88 - Clerk I, Medical Records, SG-6.

*UH-100-88 - Clerk I, Purchasing, SG-6.

*UH-101-88 - Nursing Station Clerk, Labor and Delivery, SG-7.

*UH-102-88 - Nursing Station Clerk, Labor and Delivery, SG-7.

*UH-103-88 - T & R Center Nurse III, Ambulance Care/Pediatrics, SG-20.

*UH-104-88 - Calculations Clerk, Patient Accounts, SG-6.

UH2022 - T.H. Clinical Laboratory Technician II, Laboratory/Immunology, GL-3, \$24,000-48,000.

Application Deadline: Mar. 30

88-036 - Assistant Director, Office of Research Administration, PR-2E, \$20,000-27,000.

Application Deadline: Apr. 1

88-031 - Senior Staff Assistant, Environmental Health and Safety, PR-3, \$25,000-30,000.

88-032 - Technical Assistant, Psychiatry, PR-1E, \$15,000-17,000.

88-051 - Student Activities Assistant Director, Student Union and Activities, PR-3, \$24,000.

88-052 - Assistant Director of College Housing, Residence Life, PR-3, \$24,000.

88-053 - Residence Hall Intern, Residence Life, PR-1, \$17,000.

88-054 - Personnel Associate, Human Resources, PR-2, \$18,400-27,000.

UH2023 - T.H. Pharmacist, Pharmacy, PR-3, \$36,000-39,000.

F14-88 - Assistant Librarian, Library, salary dependent upon qualifications.

Application Deadline: Apr. 3

88-029 - Staff Assistant, Community and Preventative Medicine, PR-2, \$21,000-27,000.

88-033 - Research Assistant, Neurobiology and Behavior, RO-1, \$20,500-22,000.

88-034 - Technical Assistant, CPMP/Anesthesiology, PR-1E, \$14,017-35,175.

Application Deadline: Until filled

UH2030 - Clinical Lab Technologist II, Transplantation, GL-2, \$21,000-37,000.

UH2031 - Senior Staff Assistant, Transplantation, GL-3, \$24,000-24,000.

F-16-88 - Assistant/Associate Professor of Clinical Orthopaedics, Department of Orthopaedics, salary dependent upon qualifications.

Application Deadline: Mar. 28

88-020 - Technical Specialist, Neurobiology & Behavior, PR-1E, \$17,000-24,000.

88-057 - Technical Assistant, (P/T), Med/Div. of Pulmonary, PR-1E, \$14,017-35,175.

88-058 - Technical Assistant, Neurological Surgery, PR-1E, \$14,017-16,500.

88-059 - Technical Assistant, Neurological Surgery, PR-1E, \$14,017-35,175.

88-060 - Post-Doctoral Research Associate, Hematology/Medicine, RO-5, \$10,500-30,135.

88-061 - Staff Associate, (P/T), Provost, PR-4 16,800-28,800.

UH2029 - TH Social Worker II, Social Worker Services, PR-3, \$24,000-42,000.

88-062 - Technical Assistant, Hematology/Medicine, PR-1E, \$14,017-35,175.

88-063 - Technical Assistant, (P/T), Med/Div. of Pulmonary, PR-1E, \$14,017-35,175.

88-064 - Technical Assistant, (P/T), Med/Div. of Pulmonary, PR-1E, \$14,017-35,175.

88-065 - Technical Assistant, (P/T), Med/Div. of Pulmonary, PR-1E, \$14,017-35,175.

FOR RENT

PORT JEFFERSON VILLAGE, bright, sunny loft duplex, high ceilings, \$785 per month inc. all, 632-7907.

FURNISHED, 4 bdrms, den, fireplace, garage, backyard, 1/2 hour to SUNY, \$950, available July '88 through June '89, 435-1954.

VEHICLES & SUPPLIES

1985 BUICK REGAL, CB, engine under warranty, exc, \$12,900, 928-7885 eves.

1984 CHEVY S-10 red sport pickup truck, exc cond, stereo cassette, 45K miles, \$4,200, 467-3847.

1983 FORD RANGER, new 4-cyl engine, cap, looks and runs great, Lou 632-8659, 331-5194 eves.

1982 FORD MUSTANG, 5.0 liter, red, 72K mi, P/S. P/B. A/C. AM/FM/cassette, T-tops, spec handling, \$5,000, 632-8521.

1980 OLDS OMEGA, 2-door, 4-speed, A/C, AM/FM/cassette, hi miles, ugly but very reliable, \$750, 751-3061.

1978 PONTIAC SUNBIRD, V-6, A/C, stereo, new water-pump, trans, brakes, radiator, tires, \$750, Marie, 632-6440.

1976 PLYMOUTH DUSTER, PS/PB/AC, 70,000 miles, AM/FM/cassette, excel cond., \$1,200, 632-8414/8409 days, Scott.

FOR SALE: MISCELLANEOUS

APPLE 2E Duo disk drives, expanded memory, monitor and Panasonic printer. Many software programs include word processing, financial, graphics and statistical; only \$990 neg. 669-3078.

OAK CRIB, contemporary, exc cond, mattress included, \$200, 361-6530.

PULL-OUT SOFA, brown pattern, \$50; SYLVANIA 19" color TV, 56 channels; 928-0132 after 5 p.m.

STEEL BARBELLS, 300 lbs., all accessories included, \$225, 928-0132 after 5 p.m.

SILK FLORAL ARRANGEMENTS, from the "Calia Collection," custom designed, reasonably priced, Pat, 331-2098 eves.

MICROSCOPE, Leitz-Weitzler, 4 objective lens, adjustable binocular, light included, exc cond, asking \$350, 632-7881.

BICYCLE, 28 1/2", Campy equipped, custom Proteus frame, great, \$550, Michael, 474-0213 eves.

BRASS BED, twin size, ceramic finials, new, cost \$1000, sacrifice \$425, 689-2687 eves.

MANNEQUIN, female, multicolored, standing, \$25, 979-8323.

WANTED

RIDE NEEDED to Queens/NYC, Mar. 23 after 5 p.m., please leave a message for Debnath, 632-7620.

TRADE FOR SCOOTER or sale, best offer moped used, 100 miles, 1977 vintage, 632-8604.

LOOKING TO BUY a VW Bug convertible, please contact Sue, 632-8623.

SERVICES

WHY WALK ALONE? Campus escorts are available, 8:30 p.m. to 3:30 a.m. daily. Call 632-6337.
