## Commencement Sunday

### More Than 4,000 Degree Candidates for 27th Ceremony

By ALVIN F. OICKLE

More than 4,000 students are candidates for degrees at Stony Brook's 27th commencement program Sunday.

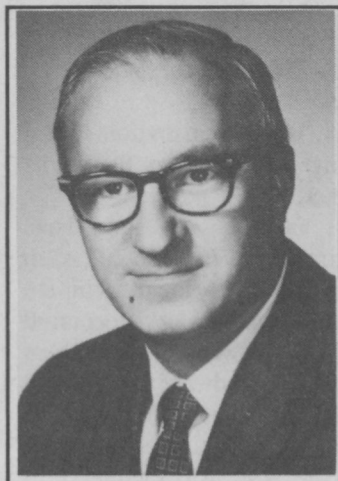

The main ceremony is scheduled for 1:30 p.m. on the women's softball field, southwest of the Gymnasium complex, following processions led by robed faculty, administrators, and candidates for honorary degrees. Nearly half the academic departments are planning morning convocations and receptions; the others will follow the main ceremony.

(For a chronological schedule, see Page 4.)

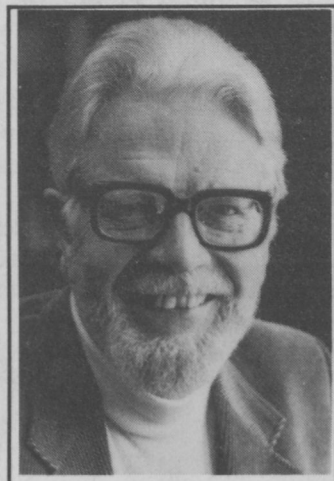

Umberto Eco, internationally known semiotician and novelist, will give the commencement address. He is one of four distinguished scholars for whom honorary doctorates have been awarded by the State University Board of Trustees. Trustee Nan Johnson will confer the honorary doctorates on Albert Bandura, a social scientist in psychology, and Donald Ervin Knuth, a computer scientist, both of Stanford University; Wayne Clayson Booth, professor of communication ideas and methods at the University of Chicago; and Eco, semiotics professor at the University of Bologna and author of the best seller and widely acclaimed historical novel, *The Name of the Rose*.

Edward C. Gabalski, a senior chemistry major from North Tonawanda, will give the student address. He was chosen by a panel from student applicants.

Heading the procession this year will

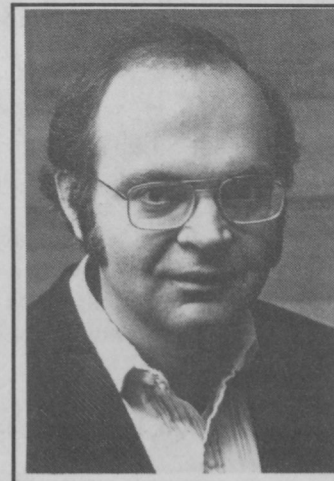

ALBERT BANDURA

WAYNE CLAYSON BOOTH

UMBERTO ECO

DONALD ERVIN KNUTH

be Donald S. Petrey, president of the University Senate and professor of French and Italian. He will serve as grand marshal, the traditional mace bearer, and convenor.

As always, the stars of the program will be the degree candidates. If tradition follows, more than half the 4,034 candidates will be on hand in caps and gowns for the entrance march with music from the Long Island Brass Guild—a group composed entirely of Stony Brook graduates. The Office of Conferences and Special Events has arranged seating for 12,000 participants, friends, and relatives.

More than half the degrees, 2,762, will be awarded for baccalaureate studies. Of the 1,272 graduate degrees, 883 are master's and 389 are for doctorates. (See

accompanying box.) A half-dozen of the graduating seniors will receive campus-wide honors. Others are being

honored at group gatherings throughout the campus during this annual commencement season.

### Parking Advisory

With 8,000 or more guests joining degree candidates, faculty, and staff on campus for Sunday's commencement, special parking arrangements will be in effect. Buses will be running throughout the day between the commencement program site on the Athletic Fields and the South P Lot. Bus stops will be identified with "Commencement Bus" signs.

The Office of Conferences and Special Events, which coordinates all commencement activities, has issued the following advisory for motorists on campus Sunday:

"In an effort to reduce the congestion of private cars at the commencement site, a plan to limit car access to the

interior roads will be in effect.

"Between the hours of 1 and 2 p.m. Sunday, both the Main Entrance and the North Entrance will be closed to all traffic. Cars will be directed to enter the campus via the South Entrance (off Nicolls Road) and the South P Lot Entrance (off Stony Brook Road) and park in the South P Lot. Continuous bus service will be available to transport guests from the South P Lot to the commencement site.

"If you are planning to participate in the commencement ceremony, you may wish to plan your arrival time prior to 1 p.m. Assembly is scheduled for 12:45 p.m. at each of the three assembly sites."

### In Case of Rain...

Rain has yet to require cancellation of the outdoor central ceremony for a Stony Brook commencement, although a heavy downfall five years ago drove most of the degree candidates indoors.

Nevertheless, the Office of Conferences and Special Events has arranged a contingency plan in case of heavy rain. "The ceremony," the office says, "will be held outdoors, shine or drizzle. It is advisable for guests to bring umbrellas in case of inclement weather."

A special information telephone, 632-7787, will be in service on commencement day. Inquiries concerning departmental convocations and receptions should be directed to the departments.

Severe weather conditions will require cancellation of the outdoor central ceremony, scheduled for 1:30 p.m. at the women's softball field. A decision

on cancelling will be made at 11 a.m. on Sunday, May 27. Information will be broadcast over area radio stations only if a decision to cancel is made. Inquiries may be made by calling 632-6320 beginning at 11 a.m.

If the outdoor ceremony is cancelled, a doctoral ceremony will take place for all doctoral candidates, their advisers, all faculty, and the platform party. This event will take place at 1:30 p.m. at the Fine Arts Center Main Stage Auditorium. Departmental convocations and receptions are scheduled regardless of the weather. However, the Office of Conferences and Special Events advises candidates for bachelor's and master's degrees to check with their departmental commencement representatives prior to Friday, May 22, for rain plan information and other details of the events.

## A Matter of Degrees

Here are the number of candidates for degrees:

*Bachelor:* Arts, 1,592; Science, 955; Engineering, 215.

*Master:* Science, 321; Arts in Liberal Studies, 210; Arts, 208; Social Welfare, 114; Music, 30.

*Doctor:* Philosophy, 253; Medicine, 94; Dental Surgery, 21; Musical Arts, 18; Arts, 3.

The greatest number of degrees by fields of study:

Psychology	381
Economics	298
Biology	257
Liberal Arts	253
Continuing Education	210
Applied Math/Stats	195
Political Science	184
English	151
Electrical Engineering	147
Computer Science	123
Social Sci. Interdisc.	118
Mechanical Engineering	105

The greatest number of bachelor's degrees:

Economics	280
Psychology	279
Liberal Arts	253
Biology	205
Applied Math/Stats	166
Political Science	163
English	123
Social Sci. Interdisc.	118
Electrical Engineering	97

The greatest number of master's degrees:

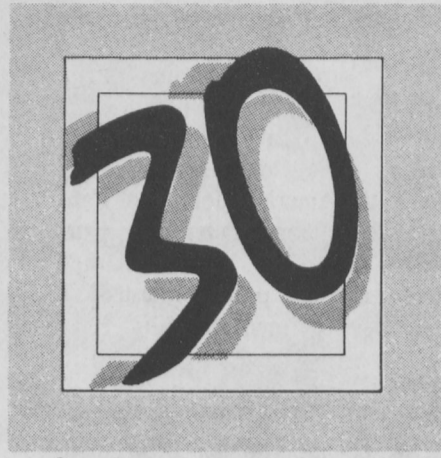

Continuing Education	210
Social Welfare	114
Electrical Engineering	45
EST	40
Graduate Nursing	39
Music	38

The greatest number of doctor's degrees:

Medicine	94
Psychology	42
Biology	36
Physics	32
Dental Medicine	21
Music	20

**StonyBrook**

1957 - 1987

**SUCOLIAN, May 13, 1959**

**INCOMING FROSH**—There were 710 freshman applications submitted to the admissions office for the school year 1959-60. Out of this total, 259 were accepted, 242 refused, and 209 pending acceptance.

**Statesman, May 17, 1967**

**MR. BUCKLEY'S LETTER**

Dear Mr. Judge, Secretary of Young Republicans:

I cannot, even after ransacking all of my ingenuity, come up with a single reason why you should invite me to lecture, inasmuch as I would not accept this invitation.

Very truly yours,  
Wm. F. Buckley, Jr.

**YOUNG REPUBLICANS' REPLY**

Dear Mr. Buckley,

After due consideration, we have decided to thank you ... ever so much ... for your gracious reply to our request. We are happy to inform you that it has won our Stony Brook Young Republican Obnoxious Letter of the Year Award. We were wondering if you would be willing to make a personal appearance at Stony Brook to be presented with your award? You see, you did provide us with a reason for inviting you after all. Thank you for your very ... um ... prompt reply. After reading it for the umpteenth time, we cannot possibly understand why Republicans seem to remain in bitter factions in the Empire State. Perhaps, after ransacking all of your ingenuity, you might in this case come up with a single reason.

Sincerely yours,  
Charles Judge

—Compiled by David Lin from SUCOLIAN, the student newspaper of the State University College on Long Island, at Oyster Bay, and Statesman, the student newspaper of the State University of New York at Stony Brook.

# Payroll Plan Permits New Annual Fund Help

The Office of Annual Giving has launched a new effort to increase faculty and staff contributions to the university's Annual Fund. A new payroll deduction plan, authorized for the first time by SUNY, will begin with the first pay check in September. And each gift will have double value this year. An anonymous donor has pledged \$5,000 to match gifts. Information about the payroll plan is being mailed to all faculty and staff. Research Foundation employees currently cannot use the payroll option. Additional information and forms are available in the Annual Giving office, Room 330, Administration

Building. Authorization cards should be returned by July 15.

In a letter to faculty and staff, Alan C. Tucker, who chairs the University Senate's University Affairs Committee, noted: "The Annual Fund is a flexible pool of privately contributed, unrestricted dollars available to support those needs not covered by the university's state budget ... For the first time, faculty and staff will have the option to support the university through either a payroll deduction plan or an outright contribution."

Those with questions may call the Annual Giving office, 632-6336.

## NEWSBRIEFS

### Strike's End Official

The Graduate Student Organization has voted to ratify an agreement with the administration to provide higher stipends and other benefits for teaching and research assistants. The GSO Senate vote was 30 yes, 1 no, and 1 abstention. The GSO Executive Committee unanimously supported a return to work, which the GSO had supported on a 24-1 vote, and the agreement.

### AIDS Care Unit Opening

University Hospital has become only the third hospital in the state, and Long Island's first, to develop a comprehensive AIDS care center. By early summer, a 15-bed area will be staffed by a case manager, nurses, a social worker, therapists, and a medical doctor. The expanding program also includes coordinating outpatient care and conducting AIDS education for all hospital workers. The health care team, already assisting 30-40 patients at the outpatient clinic, continues working with each patient off campus, helping even with housing and other assistance. University Hospital, which has been caring for people with AIDS for several years, is one of 26 designated by the State Health Department to establish comprehensive AIDS centers.

### Name Dropping

Six SUNY campuses formerly called Agricultural and Technical Colleges have been given new names. The Board of Regents has approved the name SUNY College of Technology for the Alfred, Canton, Delhi, and Farmingdale campuses, and the name SUNY College of Agriculture and Technology for Cobleskill and Morrisville. The change was authorized because of the decreased agricultural curriculum and the growing role of technology in agriculture.

### For the Record

There will be no Campus Currents on May 25. In observance of Memorial Day, a full federal and state holiday, most campus offices will be closed all day. The next Currents will be dated June 1. It will carry reports on Commencement, and provide schedules for summer activities. Members of the campus community are encouraged to submit items for the Events and Classifieds sections. The deadline for the June 1 issue is Wednesday, May 20.

During the summer, there will be three issues of Currents: dated June 15, with a June 3 deadline for news, calendar items, and classified advertising; dated July 13, with a July 1 deadline; and dated Aug. 10, with a July 29 deadline.

Correction: Lawrence Noonan has been promoted to assistant provost for academic affairs. His new position was incorrectly listed in the May 11 issue.

### New Tests Planned For Javits Center

Last week, the administration issued the following statement on the Javits Lecture Center:

"Students, faculty, and staff have expressed concern over potential health problems arising from the fire in the Javits Lecture Center since it occurred last September. We wish to assure them that extensive tests indicate the building has been and continues to be safe. The university has conducted three rounds of tests since the fire. Air samples collected shortly afterward found small amounts of formaldehyde and phenol, but neither in concentrations deemed dangerous, according to standards established by the Environmental Protection Agency. Initial soot tests in the locked room where the fire occurred showed minor concentrations of heptachlorodibenzo dioxin and octachlorodibenzo dioxin. But again, these were in amounts so small that they are not considered a health hazard.

"Results of the most recent tests indicate that at least one point in the room—in the duct work leading to the heating and air conditioning system—there are concentrations that are higher than we would consider acceptable if dispersed into the lecture halls themselves. There is no indication that the soot has been transported beyond the ducts, and we think it is unlikely that the soot will be transported. However, to ensure safety, we have decided to seal off the duct work leading from this room, and to clean the ducts this summer.

"Although we still regard it as highly unlikely that dangerous levels of toxic substances exist, we also plan to conduct more tests in the lecture hall rooms themselves to provide public assurance that the area is safe."

**AMBULATORY** visitors take a turn around the Health Sciences Center during a fowl afternoon.

## NEWSBRIEFS

### Just Ask Denise

The Office of Facilities Planning has a room filled with maps showing where cables, wires, conduits, and all sorts of necessary facilities are buried under the campus. But when a contractor visited the Health Sciences Center recently to remove fuel tanks left by a builder a dozen years ago, no records of their location could be found.

Enter Denise Outlaw, a stationary engineer—and amateur photographer—in University Hospital's equipment/building systems office. Her campus service predates the hospital's construction in the 1970s, and she recalled taking a photo of workers installing the tanks. A check of her files produced the picture showing a recognizable site. The removal crew went there and, sure enough, uncovered the tanks. Proving once again, as one administrator commented, that individual memories are sometimes better than institutional records.

### Galbraith The Winner

As predicted here May 4, the new secretary of the 18,000-member United University Professions for New York State is a Stony Brook librarian. Jeanne Galbraith, a 10-year Stony Brook veteran who heads the circulation department in the HSC library, won in the May 2 elections over Janet Steins, a seven-year Stony Brook employee who heads the Department of Chemistry library. The final tally, 121-89, while clearly in Galbraith's favor, was seen as encouraging for Stein in her first state-wide campaign. Her vote count was ahead of other Reform Caucus candidates by more than 10 percent. The election outcome was a victory in another way for Galbraith. She chairs UUP's United Caucus, which swept all top offices.

### Toting Up The Trash

More than 40 bags of trash were collected May 8 by university faculty, staff, and students during Stony Brook's Operation Metamorphosis. The campus clean-up was organized by President John H. Marburger, Provost Jerry R. Schubel, and Polity President Marc Gunning. Participants crisscrossed walkways and wooded areas for several hours, then toted their bags back to the Fine Arts Center Plaza for pickup. Gunning and Schubel conceived the idea, independently and coincidentally, as a way of helping contribute to the major campus beautification effort under way by the divisions of the Office of Campus Operations.

### Bring the Kids

Megs Shea, director of the Summer Session, is emphasizing that employees and others with child care needs can get help when they attend classes on campus. For example, the Crafts Center in the Student Union has a variety of children's offerings, including weaving, photography, and ceramics, at moderate fees. For information on this program, call the Crafts Center, 632-6822. For other information, call the Summer Session office, 632-7070.

### CAMPUS CURRENTS

CAMPUS CURRENTS welcomes letters for publication as well as news about faculty and staff at Stony Brook.

**Promotions**

Listed here periodically are the names, new titles, and departments of those recently promoted. Promotion is defined by the Department of Human Resources, for classified and professional employees, as taking a vacant and higher-level position, or earning reclassification by having duties and responsibilities increased; and, for professional employees only, earning a salary increase within rank for permanent and significant increase in duties, or filling a higher level temporarily. This list includes state employees at the Health Sciences Center. For information, call Cindy Klann, manager, Classification and Compensation, Human Resources, 632-6145.

Pat Strasberg, TH administrative assistant, Medical Staff Administration; Kathleen Burt, assistant director of nursing, Nursing Administration; Dora Gaeta, assistant of institution resources, Medical Care Review; Donna Markey, assistant director of nursing, SICU/Transplant; Nora Zapata, assistant director of nursing, Acute Medicine; Frederick Shatara and Terryn Leahy, technical assistants, Laura Karaban and Catherine Koridis, medical lab technicians II, hematology; Ann Lancia, TH administrative assistant, Clinical Services Administration; Dorothy Gregory, assistant to the vice president, HSC Human Resources; Aldo Fusaro, technical specialist, and Jaclyn McBride, T&R Ctr. nurse III, orthopaedics.

**FACULTY/STAFF**

**Sports Honors for Coaches**

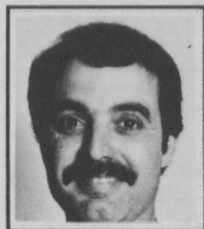

Men's swimming coach John De-Marie and women's basketball coach Declan McMullen were honored as Coaches of the Year at the annual year-ending sports awards program.

Honored with the annual Statesman/VIP Service Awards were Andrea Brooks Young, director of alumni affairs, and Jack Cohen, an alumnus who has remained active in sports.

Honored as athletes of the year were two All-America players, basketball's Michele White and football's Chuck Downey.

McMullen, who also was named women's coach of the year last year, had earlier been named Division III women's basketball coach for 1986-87 in both the NCAA East Region and Metropolitan New York-New Jersey. The 1986-87 women's squad had a 24-5 won-lost record, the best in Stony Brook women's basketball history. McMullen, a high school teacher, has been women's coach at Stony Brook five years.

DeMarie, assistant professor of physical education, headed up a team that, despite expectations of needing time to rebuild, won nine of its ten dual meets and was undefeated in eight Metropolitan Conference meets. The VIPs, a booster organization headed by Jack Guarneri, '68, annually honors one or

DeMarie

McMullen

more persons who have contributed to the advancement of intercollegiate athletics. Young has been effective in developing an important, active role for alumni in the campus sports program. Cohen, '74, was once known as "the voice of the Patriots," serving for years as public address announcer at men's football and basketball games. He has also been active in sports alumni reunions.

White, a senior, is the university's all-time basketball scoring leader with 2,183 points. Only 5 feet 3 inches tall, she was named to the Kodak Division III All-America team and was chosen as player of the year in the Metropolitan district. Downey, a junior, has set numerous national and campus records in football. On special teams, he has set national marks for three years in returning punts and kickoffs. As a defensive back, he specializes in blocking and intercepting passes.

**Publishing Notes**

Stephen Rachlin, associate professor of clinical psychiatry at the School of Medicine, is co-author of a report on patients' rights published in the April issue of Hospital and Community Psychiatry ... Four from Cardiology contributed a report on silent heart attacks published in the American Journal of Cardiology. Co-authors Peter F. Cohn, professor and chair, and William E. Lawson, assistant professor, listed Virginia Gennaro and Dorothy Brady for technical assistance ... Fred Glasser, clinical assistant instructor in the Department of Medicine, and Alan M. Fein, associate professor of medicine, co-authored a report, "Cardiopulmonary Problems in the Office," published by the journal, Emergency Medicine ... Norman Prusslin, general manager of WUSB and broadcasting instructor, wrote a piece, "Stereo, the Key to Reviving AM Radio," for a special Sunday section of Newsday.

**Reflected Glory**

Stony Brook physics alumnus Gerald Wheeler has been elected to become president in 1988 of the American Association of Physics Teachers. A faculty member at Montana State University, he was elected the new vice president at the April meeting. He earned his master's and Ph.D. at Stony Brook in 1968 and 1972. The magazine Physics Today cited Wheeler for his contributions to science education through TV.

**CAMPUS CURRENTS CLASSIFIEDS**

**JOB POSTINGS**

Note: Submit one application for each position to either Main Campus or University Hospital Human Resources Departments. Candidates for state positions identified with an asterisk preceding reference numbers are selected from New York State Civil Service Eligibility Lists. Contact the Human Resources Departments with questions.

**Application Deadline: May 18**

- 87-073 - Assistant for University Financial Analysis Grants Management, PR1E, \$20-25,000.
- 87-095 - Classified Appointments Coordinator, Human Resources, PR1E, \$20-26,000.
- 87-096 - Personnel Associate, Human Resources, PR1E, \$20-26,000.
- C-210-87 - Account Clerk, SG5E, Accounts Payable.
- \*UH-149-87 - Information Processing Specialist II, SG9, Medical Records Dept.
- UH-166-87 - Hospital Attendant, SG4, Transportation.
- \*UH-167-87 - Stenographer, SG5, Nursing Administration.
- UH-168-87 - Janitor, SG6, Housekeeping.
- UH-169-87 - Housekeeper, SG6, Housekeeping.
- UH-170-87 - Housekeeper, SG6, Housekeeping.
- \*UH-171-87 - Station Clerk, SG7, Operating Room.
- HSC-172-87 - Lab Animal Caretaker, SG5, DLAR.
- UH-173-87 - Cleaner, SG4, Housekeeping.

**Application Deadline: May 19**

- 87-097 - Research Associate/Assistant, Oral Biology and Pathology, RO2/RO1, \$17-22,000.
- 87-098 - Assistant Director, Student Accounts, PR2, \$20,025-34,350.

**Application Deadline: May 21**

- 87-048 - Technical Assistant, Chemistry, PR1, \$26-30,000.
- 87-089 - Dean of Enrollment Planning, Admissions, PR4, salary competitive.

**Application Deadline, May 22**

- UH-1169 - Assistant Nursing Director, Neurosurgery, PR2, \$20,025-41,500.
- UH-1170 - College Physician Assistant, Neurological Surgery, PR2, \$20,025-41,500.

**Application Deadline: May 26**

- UH-1171 - Technical Assistant/Ultrasound, Radiology/Ultrasound, PR1, \$16,821-33,500.
- 87-100 - Technical Assistant, Orthopaedics, PR1, \$19-23,000.
- 87-101 - Assistant to Director, Physiology and Biophysics, PR1E (part-time), \$10-12,000.
- 87-102 - Technical Specialist, Ob/Gyn - CPMP, PR2E, \$20,025-28,000.

**Application Deadline: May 29**

- 87-094 - Personnel Director, Human Resources, PR4, \$50,000 negotiable.
- Application Deadline: May 31

87-070 - Assistant Vice President for Physical Facilities, PR5, \$37,089-64,550.

**Application Deadline: June 1**

- F-14-87 - Assistant or Associate Professor, Physical Education and Athletics, \$25-35,000.
- 87-043 - Assistant for University Financial Analysis, Accounts Payable, PR2, \$22-26,500.
- 87-083 - Telecommunications Business Administrator, Communications Management Engineering, PR2, \$24-30,000.
- UH-1173 - Programmer Analyst, Information Systems, PR2, \$20,025-41,500.

**Application Deadline: June 5**

- 87-069 - Dean of Enrollment Planning, Admissions, PR4, salary competitive.
- 87-099 - Assistant Dean for Budget and Administration, Center for Continuing Education, PR3, \$30-40,000.

**Application Deadline: June 8**

- 87-081 - Technical Specialist, Orthopaedics, PR2, \$24-30,000.
- 87-084 - Assistant to Chair, Chemistry, PR1, \$20-26,900.
- UH-1176 - Teaching Hospital Social Worker, Social Work Services Dept., PR1, \$16,821-33,500.

**Application Deadline: June 15**

- 87-085 - Programmer/Analyst, Library Director's Office, PR2, \$30,000 minimum.

**Application Deadline: July 1**

- F-31-87 - Visitor position, astrophysics and planetary sciences, Earth and Space Sciences, salary dependent on qualifications.
- F-29-87 - Instructor/Assistant Professor of Emergency Medicine, salary dependent on qualifications.
- F-30-87 - Associate Director, Program in Emergency Medicine/Assistant Professor of Emergency Medicine, salary dependent on qualifications.
- F-32-87 - Assistant Professor (part-time), Early Modern Europe, History, salary dependent upon qualifications.

## EVENTS

We welcome contributions to this calendar. To be considered, all events must take place on the campus, and be open to the campus community. Written notices must be received at the Campus Currents office, 328 Administration Building, two weeks prior to date of publication. Telephone calls cannot be accepted. List the type of event, its title, name of leading artists or speakers, date, time, place, cost (if any), and telephone number for more information. We will not publish information that is incomplete or illegible.

### ACADEMIC

#### Daily

**SUMMER SESSION** - Registration for all Summer Session classes in both terms; Registrar's Office; 10 a.m.-4 p.m. daily. Course bulletins available from offices of Registrar, Summer Session, Undergraduate Studies, Admissions.

#### Monday, May 18

**FINAL EXAMS** - Final examinations begin; final grades due in Registrar's Office 48 weekday hours after scheduled final exams.

#### Tuesdays, May 19 and May 26

**SUMMER SESSION** - Registration hours extended from 10 a.m. to 7 p.m. at Registrar's Office for benefit of working students.

#### Sunday, May 24

All residence halls close for spring semester.

#### Monday, May 25

Memorial Day holiday observed.

#### Friday, May 29

Last day for departments to submit completion statements for Maymaster's and doctoral degree candidates.

#### Sunday, May 31

Last day for Summer Session registration without paying late fee.

#### Monday, June 1

Residence halls open for summer terms.

#### Wednesday, June 3

### COLLOQUIA, SEMINARS

#### Monday, May 18

**PHYSIOLOGY-BIOPHYSICS** - "Does Insulin Action Regulate the Phosphorylation of ATP-Citrate Lyase?", Ramakrishna Seethala, research assistant professor, Physiology and Biophysics; 4 p.m.; HSC T-5, Room 140.

### COMMENCEMENT

#### Through Sunday, May 24

Candidates for degrees may pick up caps, gowns, and hoods at Barnes & Noble Bookstores, HSC and Main Campus.

**THE BERLIN PLAY ACTORS** will open their performances June 10 at the second annual International Theatre Festival at Stony Brook's Fine Arts Center. Thirty performances of nine productions are scheduled by six companies over the six-week period, June 8-July 21. For information, call 632-7230.

#### Thursday, Friday, May 21-22

Faculty and staff should pick up rental attire.

#### Friday, May 22

# Rampal, Newman On Expanded Bach Dates

Jean Pierre Rampal, one of the world's best known flutists, and organist Anthony Newman will perform at this year's expanded Bach Aria Festival.

Based at Stony Brook since its inception in 1981, the annual Bach Aria Institute and festival were expanded three years ago to include activities in Roslyn. This year, New York City's Merkin Concert Hall has been added to the program, which runs Jun 15 - Jul 2.

The Bach Aria Group's music director is flutist Samuel Baron, a faculty member. The group is celebrating its 40th anniversary, making it the oldest chamber group in the country. For Baron, the anniversary is especially significant because it was through his dedicated efforts that the Bach Aria Group survived when threatened with collapse in 1980.

As always, 40 promising professionals have been chosen from several hundred who auditioned to take part in the Bach Aria Institute. The artist-fel-

lows of the institute will perform with the Bach Aria Group. In addition, they attend master classes and lectures while living on campus.

The festival's highlights will include duets by the Bach family with Rampal and Baron, July 2; Newman's organ recital on the recently built Bach-Silbermann organ in the Fine Arts Center Recital Hall, June 13; Bach's comical secular cantata, "Aeolus," orchestral suites numbers 1 and 2, C.P.E. Bach's

*The June 1 Currents will report the entire Bach schedule of public events. For information, call 632-7239 or 632-7241.*

Sinfonia in B-flat, and the great cantata, "Nimm von uns, Herr."

The Merkin concert is June 22, and the events at the Nassau County Fine Arts Center and Museum are June 28.

### Academic Calendar

The 1987-88 Academic Calendar is now available. Please call or write the Publications Office, 121 Central Hall, (63)2-6335 for your copies. Specify your complete mailing address and the number of copies needed.

### New Appointment

**Mallie C. Taylor**, assistant professor of clinical psychiatry, has been appointed to the psychiatric staff at South Oaks Hospital, Amityville.
