STATE UNIVERSITY OF NEW YORK AT STONY BROOK

October 26, 1987

Conference To Examine Faculty's Role In Recruiting Minority Grad Students

Stony Brook will sponsor a national invitational conference titled "The Role of Faculty in Meeting the National Need for African American, American Indian, and Latino Scholars" at the Harrison Conference Center in Glen Cove from November 20 to 23.

The conference's overall goal is to identify strategies to mobilize university faculty to increase the number of these students who complete graduate studies. It will consider policies and actions inside and outside institutions that would support such faculty efforts. The results of the conference will be published in scholarly publications.

According to conference organizers, African Americans, American Indians, and Latinos continue to be seriously underrepresented in graduate school. Efforts begun in the 1960s to improve the situation resulted in a significant increase in the number of people of color pursuing advanced studies and brought more ethnic minorities into positions of leadership in education, industry, and government. Over

the past decade, however, this progress has slowed substantially.

Participants will focus on four areas:

- How can faculty develop more sophisticated procedures to ferret out talent in the graduate admissions process, and how can they contribute to developing talent in earlier stages of schooling?
- What is the mentor's role, and how can faculty play that role effectively?
- How can faculty enlarge the canons and boundaries of scholarship within their disciplines to include the interests, concerns, and characteristics of ethnic minority people?
- In what ways can faculty incentive and reward systems be used to make the changes that enable more such students to complete graduate work?

Institutions to be represented at the conference include campuses of the University of California, University of Texas, University of Massachusetts, and University of Illinois; and Princeton, the University of Chicago, Yale, Cornell, and City College of the City University of New York.

SB Hosts First Graduate Student Congress on Hispanic Literature

The Department of Hispanic Languages and Literature hosted the first Graduate Student Congress on Hispanic Literature on October 8 and 9.

Organized by graduate students in the department, the conference featured 26 presentations by graduate students from 11 universities, including University of California at Santa Barbara, Michigan State, Boston College, Ohio State, University of North Carolina at Chapel Hill, and Univer-

sidad Complutense de Madrid. Topics covered Hispanic literature over the last 25 years, including Argentinian literature, Spanish narrative, Latin American narrative, Spanish American poetry, Mexican literature, and Puerto Rican literature.

Dr. Jean Franco of Columbia University, an internationally renowned scholar of Latin American literature, was guest speaker. Her subject was the portrayal of women in Latin American fiction.

Planning for High-Technology 'Incubator' Moves Forward

BY PAT HESSION

Manager for Advanced Technology

In 1985 \$700,000 was appropriated by the New York State legislature for the development of a plan for a high-technology "incubator" to be located on the Stony Brook campus. The incubating of high technology start-up companies through university-based assistance has been successfully demonstrated by incubator programs at major universities such as Massachusetts Institute of Technology, Carnegie Mellon University, and Rensselaer Polytechnic Institute.

Through a Memorandum of Understand-

ing between SUNY and the New York State Urban Development Corporation (UDC) signed in April 1986, SUNY and UDC agreed to cooperate in the planning and construction of an incubator facility at Stony Brook. The university's participation in this project reflects its commitment to the encouragement of the economic diversification of Long Island.

To fill the requirements of the memorandum, the consulting firm of Peat Marwick Main & Co. has been retained to develop the complete planning document. Among the many necessary elements of the planning is a market feasibility study both on

and off campus. Many Stony Brook deans, chairs, and other administrators were personally interviewed at the end of September. Additional information from research faculty will be very useful in the planning process.

To complement the data, a market survey will be mailed to several faculty researchers to collect information from the campus perspective. Robert Lichter, vice provost for research and graduate studies, encourages full cooperation from all faculty who are contacted for this survey.

The incubator project will result in a program on the Stony Brook campus whereby small, entrepreneurial high-tech start-up companies can find an environment of reasonable rent, appropriate facilities, and valuable basic services. In addition, access to world-class research scientists, business, and marketing assistance, and accessibility to the venture and traditional investment communities will provide these very fragile start-up companies with a greater chance of survival in their first few critical growing years.

With the high degree of concern about the environment and the quality of life for the Long Island community, there is a strong need for high-technology business, both to improve the environment, and to ensure that further negative impact is con-

trolled while pursuing economic development. Through intelligent planning, high technology can be used to improve the current condition of the quality of life and also to prevent further deterioration without sacrificing economic development.

Long Island is a nationally significant concentration of high technology and the center for this type of activity in New York State. Its particular focus, however, subjects the regional economy to undesirable fluctuations.

The biotechnology theme that is part of the Stony Brook incubator will foster an important diversification of the regional economy, while its ability to support the electronics, telecommunications, and computer technologies more typical of the region will encourage further growth and development in these critical sectors.

Bookstore To Close Early

Due to an inventory check, the Barnes & Noble bookstore on Main Campus will close at 12 p.m. on Friday, October 30. The bookstore will reopen at 10 a.m. on Saturday, October 31.

Stony Brook

Third Stony Brook Convocation Will Feature Poetry, Forum

The third University Convocation will be sponsored by Robert L. Lichter, Vice Provost for Research and Graduate Studies. The program will feature Graham Everett and Eduardo Rada, graduate students in the Department of English, reading poetry.

The poetry will be followed by a faculty forum on "Research and Scholarship: The Stony Brook Difference." The moderator will be Lawrence Slobodkin,

Department of Ecology and Evolution. The panelists will be Janos Kirz, Department of Physics; Nancy Tomes, Department of History; Peter Williams, Departments of Community Medicine and Philosophy; and Rose Zimbardo, Department of English.

The convocation is scheduled for Wednesday, Nov. 4 at 12:15 p.m. in the Recital Hall of the Fine Arts Center.

Homecoming king and queen Fran Wexler '88 and Howie Gale '88.

President and Mrs. Marburger (right) present the 1987 Distinguished Alumnus Award to Dr. G. Terence Wilson '71. At Dr. Wilson's right are his wife and Dr. and Mrs. Daniel O'Leary, Department of Psychology.

Members of the Class of 1967 gather for a 20th reunion dinner at Port Wind Restaurant in Port Jefferson.

Babak Movahedi '82, Alumni Association board member, and Grace Lee '78, newly elected president of the Alumni Association, at the football game.

Homecoming 1987

A Day of Football, Reunions, and Celebration

BY CHRISTINE FOLEY

Amidst sunny skies and multi-colored balloons, nearly 1,500 students, faculty, alumni, and staff cheered the Stony Brook Patriots on October 17 as the university continued to build a Homecoming tradition with a winning football game and king and queen.

At the annual homecoming game, the

Patriots trounced Brooklyn College 48-12. Highlights included four touchdowns scored in the first half by senior Chuck Downey. Downey also had punt-return touchdowns of 60 and 62 yards, which brought his career total of punt returns to seven, and ties the all-time NCAA record. Paul Klyap, a junior, had two interceptions, while senior Mike Licata had 12 carries, for a total of 143 yards.

At half-time, outgoing royalty Bill Nelson and Hilary Garskof crowned their successors Howard Gale and Fran Wexler. But that wasn't all that was going on. In the Stony Brook Union, a crafts fair and bake sale also attracted crowds. Children flocked around a face-painting booth and make-your-own-button table, while their parents plunked down money that will support Stony Brook's day care.

Homecoming Weekend, a tradition since 1984, has become a popular weekend event in October. Giving faculty and staff a chance to get out and mix with the students, it also shows visiting prospective students that Stony Brook does have a weekend life. Highlighting the event is the crowning of the new king and queen, which is no mere popularity contest.

Each year's contestants undergo a rigorous judging process. Chosen by a panel of class representatives, alumni, faculty, staff, and last year's homecoming king and queen, you have to be more than just a pretty face.

Before the contestants get to that panel, they have to have been nominated by the dorm they live in or by Commuter College. These nominations are based on the students' involvement and visibility, as well as dedication to a cause.

They've written their statements, prepared their speeches, and now they wait. Once before the panel, the candidates give a three- to five-minute speech, and then answer questions put to them by the panel. They are judged on poise, the content and delivery of their speech, their spontaneous

response to questions, and involvement in student activities. Each panel member scores the contestants. Then the scores are added up for the highest total. And that is only the beginning.

Being homecoming king or queen isn't all fun and games. There are duties required which involve more than simply smiling for the crowd. The king and queen represent the student body, help voice student needs, and participate in phonathons, Parent's Day, convocations, and the Student Alumni Chapter (SAC).

But none of this is new to Howard Gale, a senior and this year's king. In applying to podiatry school, he's spent much of his time in interviews. He is already vice president of SAC and has helped coordinate the oozeball tournament (volleyball in mud) and "Senior Sendoff." He was vice president of the Whitman College legislature and a student representative on the Babak Movahedi Student Leadership Award Committee.

Fran Wexler, a senior from Kelly C and this year's queen, is also no stranger to hard work. She has been involved with the Student Activities Board (SAB), Polity, G-fest, and Fall Fest. This past summer she attended the National Association of Campus Activities in Nashville, and after graduation plans to work for a public relations firm in New York City. As queen, she will also take an active role in SAC.

Where will all this Homecoming activity lead? Ann Begam, Stony Brook's new alumni director, hopes that it will bring a closer involvement between students, alumni, and faculty. "I hope the faculty can help us identify alumni who want to become involved," said Begam. She added that she hopes to find students with leadership abilities who are willing to work toward helping the university and develop better relations with the campus community. No promises yet, but there are plans for an even bigger '87 Homecoming and '68/'78 class reunion.

OUR FIRST

1957 - 1987

These items have been copied from area newspaper reports over the past 30 years. SULIC are the initials of the State University Long Island Center, and SUSB the initials of State University at Stony Brook. We encourage readers to submit similar historical notes and photographs.

Oct. 27, 1967

The Long Hill Civic Association will hold its first meeting of the year on Monday ... for the purpose of verifying the original request for a fence which would separate the area from the State University. At the request of the Town of Brookhaven Planning Board, Voorhis & Son, Inc., consulting engineers and city planners, conducted a field investigation this summer to determine what impact the new State University dormitory facilities may be expected to have on the adjacent residential neighborhood in general and the abutting residential properties in particular. (The engineer's recommendations ... will be discussed in detail at this meeting. — *Three Village*

Oct. 29, 1967

Bids are being accepted for a \$2.1 million contract for construction of a heavy engineering laboratory at SUSB. Designed by a Manhattan architect, the facility is scheduled for completion in early 1969. It will contain subsonic and shock tunnels in the basement and several research laboratories in three above-ground levels. In addition, there will be a research machine shop, a supersonic wind tunnel, and faculty offices. — *Three Village Herald*

Oct. 29, 1967

Dr. Fausto Ramirez of Stony Brook, professor of chemistry at the State University here, has received a five-year commitment for \$171,175 from the National Institute of Health in support of his research in the field of phosphorous chemistry ... More than \$400,000 in other research and fellowship grants have been awarded to SUSB and various faculty members since July. (An accompanying list of recipients included John Stamm, psychology; Carl Moos, biological sciences; Edward Kosower and Harold Friedman, chemistry; and Melvin Simpson, biochemistry.) — *Three Village Herald*

NOTICE

PSYCH HONORS PROGRAM

Applications are being accepted (deadline: Nov. 4) for the Honors Program in Psychology. The program is a three-semester one open to students who are currently juniors. Details and application forms are available in Psychology B 116.

CAMPUS CURRENTS welcomes letters for publication as well as news about faculty and staff at Stony Brook.

Nominations for Excellence Awards

The university is soliciting nominations for the 1987-88 Awards for Excellence in Professional Service. These awards recognize outstanding performance by campus professional employees. Winners receive a framed certificate and a \$500 award, and will be honored at a dinner party at the president's home and at a campus reception co-hosted by the president and the Professional Employees Governing Board.

To be eligible, people must be non-teaching, full-time professional employees of the university, the Research Foundation, or any other integral unit of the university, and must have completed at least one year of continuous, full-time professional service in the position for which they are nominated prior to September 1987.

Candidates must perform superbly in fulfilling their job descriptions, show evidence of flexibility and adaptability to institutional needs, and demonstrate excellence in professional activities beyond the parameters of their job description.

Evidence attesting to these criteria can include statements describing job responsibilities, with examples of how the employee carried these duties out; examples demonstrating responsiveness to institutional needs; documentation showing con-

tributions to the campus through participation on committees at Stony Brook, in SUNY, or in appropriate professional organizations; examples of performance showing effective leadership and problem-solving abilities; examples demonstrating a commitment to improving campus services and programs; and acknowledgements of professional achievement.

Although a letter is sufficient to nominate someone for the award, a strong supporting file is essential. The file should include: 1) a job description; 2) a vita statement; and 3) statements of recommendation from persons in various levels of direct supervision of the nominee, from colleagues, and from constituents served. A maximum of three statements of recommendation from each of these three categories will be included in the final supporting file. Members of the nominating committee will work with nominators to develop comprehensive support files.

Nominations should be submitted no later than November 2, and supporting files no later than November 23, to: Professional Employees Nominations, c/o Sally Flaherty, Office of the President, Administration Building, Room 310.

Conservation Expo To Be Held at HSC

A "Conservation Expo," sponsored by the World Wildlife Fund in conjunction with the Department of Anatomical Sciences, will take place at the Health Sciences Center on Oct. 28.

The expo will cover topics relating to tropical medicine and the worldwide conservation of rain forests, including roots with medicinal properties and creatures in trouble. There will also be educational films. Conservation groups such as Earthwatch, School for Field Studies, Dolphin Research Center, and World Wildlife Fund will distribute literature describing ongoing field projects. Stony Brook's Museum of Long Island Natural Sciences will also

be represented at the exposition.

Dr. Mark Plotkin, an ethnobotanist with the World Wildlife Fund, will deliver a talk at noon titled "The Search for New Jungle Medicines." At 3 p.m., Stephen Nash, Department of Anatomical Sciences, will talk on "Primates in Pictures: A Historical Review of Primate Imagery and Its Role in Conservation Today."

Physicians, students, and faculty are encouraged to attend. T-shirts, posters, and food and beverages will be sold.

There is no admission charge for this event. It will take place on the third floor at HSC, in the gallery and LH5, from 11 a.m. to 4 p.m.

November 6 Is 'National Chemistry Day'

The U.S. Congress has declared November 6 "National Chemistry Day." The Department of Chemistry is marking the occasion with a series of events beginning the week of Nov. 2:

- Starting on Monday, and continuing throughout the week, the department will host an open house for high school students from 10 a.m. to 4:30 p.m. each day.

- On November 4 at 4 p.m., there will be a lecture and demonstration by Dr. Chirakkal Krishnan for high school students titled "The Magic of Chemistry."

- On November 5, at noon, Dr. James Farrar of the University of Rochester

will give a physical chemistry seminar on "Gas-Phase Ion Chemistry: Complexes and Clusters." At 4 p.m., J. Berger of the Schering Corporation will give an organic chemistry seminar on "Studies on the Design of D-1 Dopamine Antagonists."

- On November 6, from 9:30 a.m. to 5:30 p.m., the department will host an open house for the general public.

Anyone attending these events should first come to the Graduate Chemistry Building, Room 104 (the department's main office) to find out where activities will be held. For further information, call 632-7885.

Trustees Approve B.S. in Business Management

A computer problem caused the first two paragraphs of this story in our last issue to be totally garbled. Therefore, we are re-printing the whole story—correctly this time. - Ed.

The SUNY Board of Trustees has approved a request to amend Stony Brook's master plan to include a bachelor of science degree in business management. The request will now be considered by the Board of Regents and the Governor. The degree, which would be in the W. Averell Harriman School for Management and Policy, could be offered as early as fall 1988.

The proposed business management program differs from traditional business administration programs in that it prepares baccalaureate-level graduates with strong liberal arts backgrounds as management generalists trained to approach business problems through quantitative techniques. Students would be taught to search for information, understand quantitative and qualitative information relevant to a problem, analyze problems critically using modern mathematical techniques, draw conclusions, make decisions, and communicate persuasively.

"We are delighted at the action taken by

the Board of Trustees. The new business management program will enable us to improve the match between our program offerings and an unmet need clearly and persistently expressed by our students," said Provost Schubel.

Gerrit Wolf, dean of Harriman School, estimates that 200 full-time and 25 part-time students will enroll initially, increasing after five years to about 400 full-time and 100 part-time students.

According to Wolf, most of the program's courses are already in place in the curriculum of other majors within the university. Two new courses will be added: international management and production management.

A Month of \$1 Courses

A potpourri of hour-long courses on subjects like ceramics, radio, AIDS, writing, photography, stress management, and nutrition are scheduled for November.

Called Secrets, the program is sponsored by the Department of Student Union and Activities.

Registration is \$1 per course. For more information, call 632-6828 or 632-6822.

CAMPUS CURRENTS CLASSIFIEDS

JOB POSTINGS

NOTE: Submit one application for each position to either Main Campus or University Hospital Human Resources departments. Candidates for state positions that are identified with an asterisk preceding reference numbers are selected from New York State Civil Service eligibility lists. Contact the Human Resources departments with questions.

Application Deadline: Oct. 26

*C370-87 - Clerk I, Library-Technical Services, SG-6.

*C371-87 - Keyboard Specialist I, Anthropology, SG-6.

*C372-87 - Library Clerk II, Library-Technical Services, SG-9.

*C373-87 - Senior Clerk, Payroll, SG-9.

*T61-87 - Security Services Asst. I, Public Safety, SG-6.

*T62-87 - Campus Public Safety Officer II, Public Safety, SG-12.

UH448-87 - Hosp. Clin. Asst. II, Anesthesiology, SG-8.

HSC449-87 - T & R Center Nurse II, Medicine/CPMP, SG-16.

Application Deadline: Nov. 2

87-227 - Assistant Dean, AIM/EOP Program, PR-3, \$28,000-32,000.

87-228 - Student Activities Assistant, Student Union and Activities, PR-1, \$18,500-21,000.

Application Deadline: Nov. 16

87-208 - Internal Auditor, Internal Audit, PR-2, \$28,000-33,000.

87-209 - Programmer Analyst, Soc. Sci. Tech. Supp., PR-2, \$24,000-28,000.

Application Deadline: Dec. 15

87-226 - Dean, Division of Biological Sciences, PR-6, negotiable salary.

Application Deadline: Jan. 15, 1988

F101-87 - Assistant Professor, Dept. of History, salary dependent upon qualifications.

Application Deadline: Feb. 15, 1988

F100-87 - Full, Associate, Assistant Professor, Dept. of Computer Science, salary dependent upon qualifications.

FOR SALE: HOMES

E. SETAUKET 3 bdrm/1 & 1/2 bath, bi-level, located on quiet residential street, family room overlooks in-ground pool, excellent; \$177,000, 928-5430/632-6910.

SETAUKET COLONIAL, N. 25A, close proximity to university, private grounds, 3 bdrm, library, den, deck, fireplace, impeccable craftsmanship, ideal academic residence, reduced \$233,000; 632-7360.

FOR RENT

FURNISHED HOUSE, walking distance to SUNY, 4 bdrm/ 3 bath, library, available Jan.-Jun., \$1200 + util., 941-3809 evens.

FOR SALE: MISCELLANEOUS

REDWOOD PICNIC TABLE, 2 benches, \$35; 632-7802.

BOWLING BALL (Ace) and leather case, \$20; 632-7802.

LETTER-QUALITY PRINTER, two daisy wheels, tractor feed, cable included, \$500 or B.O. Meg, 751-4457.

HI-80 PLOTTER in reasonable condition, 444-3874.

LAWN SWEEPER, \$20, call after 5 p.m.; 732-6414.

MARBLE COCKTAIL TABLE, free-form, with base; after 5 p.m., 732-6414.

VW BEETLE BAGGAGE RACK, \$10; 444-2287.

BAGGAGE RACK for Dodge/Plymouth car, \$10; 444-2287.

VEHICLES

1973 YAMAHA, 350 cc, two-cylinder, two-cycle; clean; \$350; 589-0392.

SERVICES

WHY WALK ALONE? Campus escorts are available, 8:30 p.m. to 3:30 a.m. daily. Call 632-6337.

EVENTS

We welcome contributions to this calendar. To be considered, all events must take place on the campus, and to be opened to the campus community. Written notices must be received at the Campus Currents office, 138 Administration Building, 12 calendar days prior to date of publication. Telephone calls cannot be accepted. List the type of event, its title, name of leading artists or speakers, date, time, place, cost (if any), and telephone number for more information. We will not publish information that is incomplete or illegible.

ACADEMIC

Thursday, Oct. 29

LAST DAY for removal of incomplete and no-record grades for HSC courses from spring 1987 modules, spring semester, and summer session through HSC Office of Student Services.

Friday, Oct. 30

LAST DAY for undergraduate students to withdraw from courses without withdrawing from university; last day to change courses to or from pass/no credit; last day for CED and GSP students to withdraw without approval from Center for Continuing Education.

Monday, Nov. 2

LAST DAY for removal of incompletes and no-record grades from spring and summer classes.

Tuesday, Nov. 3

ELECTION DAY - classes in session

INFORMATION SESSION - Undergraduate Evening Program, 7-8 p.m., Library E3320, 632-7080.

EXHIBITIONS

Tuesday, Oct. 27 - Monday, Nov. 9

GROUP SHOW - Printmaking; Professor Martin Levine, Stony Brook Union Gallery 2nd floor; Monday - Friday, times posted on door; 632-6822.

Wednesday, Nov. 4 - Thursday, Nov. 24
COMPUTER AND VIDEO ART - "Mel Alexanderberg: Computer Angels," computer-generated prints; and "The West," 30-minute, six-screen video installation by Steina and Woody Vasulka; Fine Arts Center Art Gallery; 12-4 p.m., Tuesdays-Saturdays and some evenings; 632-7240.

Wednesday, Nov. 11 - Wednesday, Nov. 25

ART EXHIBIT - Hwany Lee and Holly Mydland; Stony Brook Union Gallery; Monday-Friday, times posted on door; 632-6822 or 632-6828.

Through Nov. 14

PHOTOGRAPHY - "Margaret Bourke-White: The Humanitarian Vision," 110 photographs taken 1930-54 by famed *Life* photojournalist Margaret Bourke-White; Art Gallery, Fine Arts Center; Tuesdays-Saturdays, 12-4 p.m., some evenings; 632-7240.

FILMS

Tuesday, Oct. 27

DOUBLE FEATURE - "Strangers on a Train," 7 p.m., and "Psycho," 9:30 p.m.; Stony Brook Union Auditorium; tickets for each film are 50 cents with SUSB I.D., \$1 without, and are available at the Union Box Office or at the door.

Wednesday, Oct. 28

HILLEL FILM FORUM - "Angry Harvest"; Stony Brook Union Auditorium; 8 p.m.; free admission; 632-6565.

Thursdays, Oct. 29

CULT CLASSIC - "Monty Python's Meaning of Life"; Stony Brook Union Auditorium; 7 and 9:30 p.m.; tickets 50 cents with SUSB I.D., \$1 without, and are available at the Union Box Office or at the door.

Friday, Oct. 30 - Saturday, Oct. 31

COCA - "Nightmare on Elm Street III"; Stony Brook Union Auditorium; 7 and 9:30 p.m. and 12 midnight; tickets 50 cents with SUSB I.D., \$1 without, and are available at the Union Box Office or at the door.

Saturday, Oct. 31 - Sunday, Nov. 1

CHINESE FILM FESTIVAL - sponsored by Sino-rama Society and G.S.O.; Javits Lecture Center; 12-6 p.m.; admission is \$1 for members, \$2 for non-members; 246-9192.

Tuesday, Nov. 3

DOUBLE FEATURE - "His Girl Friday," 7 p.m., and "Scarface," 9:30 p.m.; Stony Brook Union Auditorium; tickets for each film are 50 cents with SUSB I.D., \$1 without, and are available at the Union Box Office or at the door.

GENERAL INFORMATION

VOICE OF STUDENT ACTIVITIES - call every day to find out what's happening on campus; 632-6821. Also call to announce your event to the campus community.

LECTURES

Monday, Oct. 26

MICROBIOLOGY - "The SV40 Enhancer Is Composed of Multiple Elements," Dr. Winship Herr, Cold Spring Harbor Laboratory; 12 noon; Life Sciences 038.

Tuesday, Oct. 27

NEUROBIOLOGY - "Role of Parallel Pathways in Primate Chromatic and Achromatic Vision," William H. Merigan, Ph.D., Radiation, Biology and Biophysics Dept., University of Rochester Medical Center; 4 p.m.; Life Sciences 038.

Wednesday, Oct. 28

APPLIED MATHEMATICS - "Gauge Fields and Geometry," H. Blaine Lawson; 7-9 p.m.; Math/Physics S-240; 632-8290.

TOPICS IN ART - "Eyes on Russia," a 1932 film by Margaret Bourke-White; 12 noon; Fine Arts Center Art Gallery; 246-6846.

Thursday, Oct. 29

HUMANITIES - "Marxism and Post-Modernism," Jean Baudrillard; 4 p.m.; Poetry Center, Humanities Bldg.; 632-6992.

ORGANIC CHEMISTRY - "The Metal-Halogen Exchange Reaction: Mechanism and Synthetic Applications," W. F. Bailey, University of Connecticut; 4 p.m.; Chemistry Bldg. Room 412.

DRAMA - performance of "M-16," followed by discussion with Mike Feder and M. Elizabeth Osborn; 4-6:30 p.m.; Fine Arts Center Theatre 3.

Friday, Oct. 30

HUMANITIES - "Cool Art: Sex in the Age of the Hyperreal," Arthur Kroker; 10:30 a.m.; Poetry Center, Humanities Bldg.; 632-6992.

MOLECULAR BIOLOGY - "Proenkephalin Processing and Biological Activity," Dr. Randy Lewis, Dept. of Molecular Biology, University of Wyoming; 12 noon; Life Sciences 038; 632-8533.

Tuesday, Nov. 3

NEUROBIOLOGY - "Glial Cell Lineages in the Developing Rat Cerebellum," Joel Levine, Ph.D.; 4 p.m.; Life Sciences 038.

Wednesday, Nov. 4

TOPICS IN ART - "Why Hitchcock?" Robert Natkin, 12 noon; Anita Moskowitz, art historian, 1 p.m.; Fine Arts Center Art Gallery; 632-7240.

ENGLISH - "Energies of Mind: Plot's Possibilities in the 1790s," Prof. Patricia Spacks, chair of English dept., Yale University; 3 p.m.; Humanities Bldg. lounge.

MICROBIOLOGY - "A Look at Molecular Biology from a Feminist Perspective," Prof. B. Spanier, SUNY at Albany; meeting of Association for Women in Science, Long Island Chapter; open to all; refreshments at 7:30 p.m., talk at 8 p.m.; Mathematics Tower S-240.

Thursday, Nov. 5

ASTRONOMY - "High Resolution Imaging in Optical Ground Based Astronomy," R. Racine, University of Montreal; 4 p.m.; Earth and Space Sciences Bldg. 450. Cookies and juice will precede the colloquia at 3:45 p.m. in Room 437.

MEETINGS

Mondays

AL-ANON - Adult Children of Alcoholics; 7:30-10 p.m.; Stony Brook Union 223; call 654-2827 for information.

Wednesdays

N.O.W. - National Organization for Women, 12-1 p.m., Ward Melville Social and Behavioral Sciences S216; open to everyone interested in issues affecting campus women; 632-7080, 444-1452.

Thursdays

HUNGER AWARENESS GROUP - 5 p.m.; Humanities 167.

Monday, Nov. 2

UNIVERSITY SENATE - 3:30 p.m.; Javits Lecture Center 109.

PERFORMANCES

Tuesday, Oct. 27

RECITAL - Violinist Darel Stark; 8 p.m.; Fine Arts Center Recital Hall.
