

FORTNIGHT

COMING EVENTS AT THE UNIVERSITY AT STONY BROOK ■ MAY 1 - 15, 1990 ■ VOLUME 2, NUMBER 6

THOMAS BRIELL

Culminating a year-long study of Shakespeare's comedy, *The Taming of the Shrew*, the Department of Theatre Arts offers its own interpretation of the classic this month. Director William Bruehl, professor of theatre arts, has imbued the play with a feminist point of view without violating the original script. Tickets for the play are \$7; \$5 for USB students and senior citizens. High school matinees are available to group audiences at 10:30 a.m. Thursday, May 3 and Friday, May 4. For group discount prices call 632-7277. For tickets call 632-7230.

The annual Faculty/Staff Spring Dance is Friday, May 11. Sponsored by the Employee Relations Council, tickets are \$15 per person. 6:00 p.m.-midnight, SB Union Ballroom. Call 632-6136.

NOTICES

"Electric Currents" is now available as a main menu option for All-In-1 users. Simply enter "EC" to see the latest news, notices and events.

University Hospital Auxillary Carnival. Including fireworks by Grucci, a midway by All County Amusements, rides, games and music. To be held on South P-Lot, May 25-28. Call 444-2595.

Commencement Exercises Set for May 20

Governor Cuomo to Deliver Address; Three Will Receive Honorary Degrees

New York State Governor Mario Cuomo will deliver the keynote address at Stony Brook's 30th commencement exercise, beginning at 11:00 a.m., Sunday, May 20. Stony Brook will award three honorary degrees at the ceremony. Economist Gary S. Becker will be awarded a Doctor of Science degree; chemist Paul C. Lauterbur will be awarded a Doctor of Science degree; and former Stony Brook president and physicist John S. Toll will be awarded a Doctor of Humane Letters degree.

Degree Recipients

Becker, a professor at the University of Chicago, is one of America's most original and influential economists. The scope of his work has gone beyond traditional boundaries by demonstrating how basic economic principles can be used to analyze such diverse phenomena as discrimination in labor markets, the formation of human capital, crime and punishment and the allocation of time within families. Becker's contributions to research, in both method and content, have greatly influenced the work of faculty in the Department of Economics at Stony Brook.

Lauterbur currently holds a joint appointment in the Department of Chemistry and the Medical School at the University of Illinois, Urbana-Champaign. He has received international attention for his pioneering contributions to the field of nuclear

SUE DOOLEY

Commencement ceremonies begin at 11:00 a.m. on the Athletic Fields.

magnetic resonance (NMR) and for his discovery and demonstration of NMR imaging and the possible applications of NMR imaging to medicine. He has close connections with Stony Brook, having been a faculty member from 1963 until his retirement in 1985.

Toll, president of the Universities Research Association, is both a widely respected physicist and a university administrator. He was president of Stony Brook from 1965 to 1978. He left Stony Brook for the University of Maryland, where he served as chancellor until assuming his present position in December 1989.

University Awards

Mario Cuomo

Student Speaker Fulfills Her Dream

This year's student commencement speaker will be Jill Evans, a 34-year old mother of four who is completing her bachelor's degree this spring. Evans began her studies at Stony Brook in 1974, but dropped out before earning her degree.

After years of discouragement and struggle, Evans was inspired by author Maya Angelou, who said, "Once you have the courage to face adversity, you can pursue your dream." Hearing Angelou express that sentiment in an interview, she decided to again take up what she calls her "abandoned dream, unfulfilled in its promise and bitter in my memory. College became a despondent topic for me, much like a love affair gone sour."

Evans reenrolled at Stony Brook, majoring in liberal studies with a core concentration in English, political science and theatre. While raising her

MAXINE HICKS

Jill Evans

children and working at University Hospital, she was able to complete the requirements of her degree. She credits

much of her success to her husband, George, and the patience of her children—John, age 11, Sarah, age 9 and twins David and Rachel, age 5. Her faith also sustained her, she says in her speech, "Whether it's faith in yourself or God, faith gives us cause. With cause we have purpose and with purpose we have courage . . . without a belief, courageous action becomes meaningless."

The student speaker is selected by a 12-member committee composed of eight students and four (nonvoting) university staff members. Their decision is based on both the text of the speech and its presentation.

On May 20 Evans will stand before her fellow graduates and say "when you have courage and the faith to sustain it, you find that political uncertainties are eventually resolved and things like VCR's and microwave ovens become less important than your dreams."

C O M M E N C E M E N T

In Case of Rain

The Office of Conferences and Special Events has arranged a contingency plan in the event of heavy rain. A special information telephone number, 632-7787, will be in service on commencement day.

Severe weather conditions will require cancellation of the outdoor ceremony. A decision to cancel will be made at 8:00 a.m. on Sunday, May 20. Information will be broadcast over area radio stations only if a decision to cancel is made. Inquiries may be made by calling either 632-6320 or 632-7787.

Should the outdoor ceremony be cancelled, a doctoral ceremony will be held for doctoral candidates, their advisers, faculty and the platform party at 11:00 a.m. on the Main Stage, Staller Center for the Arts. Departmental convocations and receptions are scheduled regardless of the weather. Candidates are advised to check with their departmental commencement representatives prior to Friday, May 18 for rain plan information and other event details.

Academic Attire

Academic institutions in the United States adopted a code of academic dress in 1895 that has been revised from time to time.

The dress of institutions in other countries varies, but the basic elements are present in all academic costumes.

• **Gowns:** The bachelor's gown has long, pointed sleeves; the master's gown has an oblong sleeve open at the wrist; the doctoral gown is fuller than the others with full-length velvet panels on the front and three velvet crossbars on each sleeve in black or in the color distinctive to the discipline of the wearer's degree. The gowns are black except for some doctoral gowns, the color of which represents wearer's *alma mater*.

• **Hoods:** The hood, draped over the shoulders and down the back, indicates the wearer's *alma mater* and the discipline in which the degree was conferred. The

Parking Arrangements

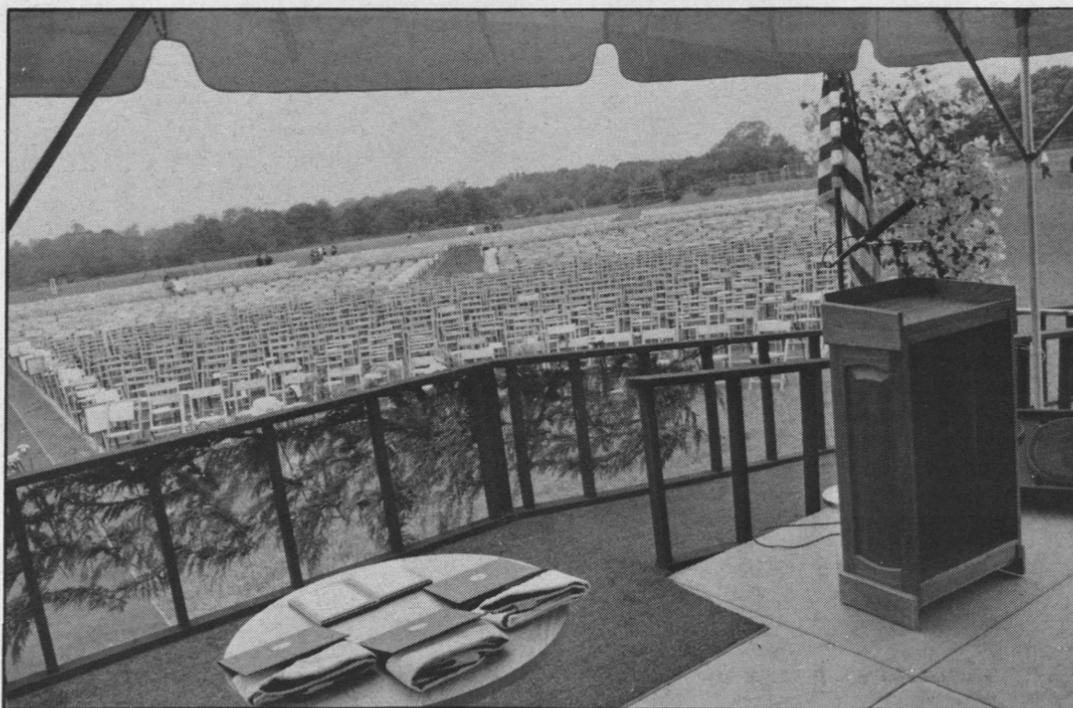

With more than 8,000 guests joining degree candidates on Commencement Day, in addition to the faculty and staff on campus for the event, special parking arrangements will be in effect.

• Buses will be running throughout the day between the commencement program site on the Athletic Fields and all designated parking lots including South P-Lot. Bus stops will be identified with "Commence-

ment Bus" signs.

• In an effort to reduce the congestion of private cars at the commencement site, a plan to limit car access to the interior roads will be in effect.

• Between the hours of 10:30 a.m. and 11:30 a.m. Sunday, both the Main Entrance and the North Entrance will be closed to all traffic. Cars will be directed to enter the campus via the South Entrance (off Nichols Road) and the South P-Lot Entrance (off Stony Brook Road) and park in the South P-Lot.

**Campus Services**

• **Information:** The University Information Desk is located in the SB Union and will be open from 9:00 a.m. to 9:00 p.m. on commencement day, May 20. The Information Desk may also be reached by calling 632-6830. The Commencement Information Booth will be located on Center Drive near the Chemistry parking lot and will be open from 8:00 a.m. to 1:00 p.m. on May 20. The Information Booth may be reached by calling 632-7787.

• **Information for the Disabled:** Reserved guest seating for the disabled is in Section L. Reserved parking is in the Infirmary parking lot. Graduates

are asked to notify the Offices of Conferences and Special Events of any requests that involve seating or marching arrangements.

• **Food Services:** The Bleacher Club, in the Stony Brook Union, will be open from 8:30 a.m. to 5:00 p.m.

• **Bookstore:** The University Bookstore, located in the Frank Melville, Jr. Memorial Library, directly across from the SB Union, will be open from 8:30 a.m. to 6:00 p.m.

• **Emergency Information:** For ambulance service, call 632-8888. The Department of Public Safety can be reached in the event of fire or other emergency at 246-3333 or by dialing 333 from a campus phone.

Commencement Exercises Set for May 20

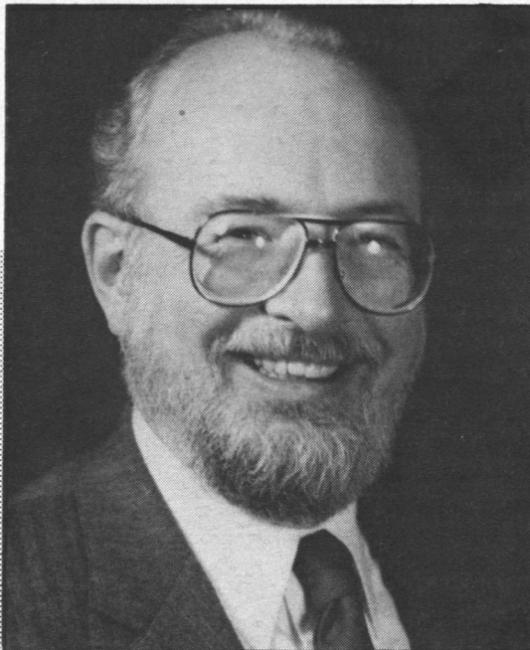

continued from page 1

recognized during the ceremony. The Ward Melville Award, named after the first chair of the Stony Brook Council, is the university's most distinguished undergraduate honor. It is given to the graduating senior who has attained the most outstanding academic record during four years at Stony Brook.

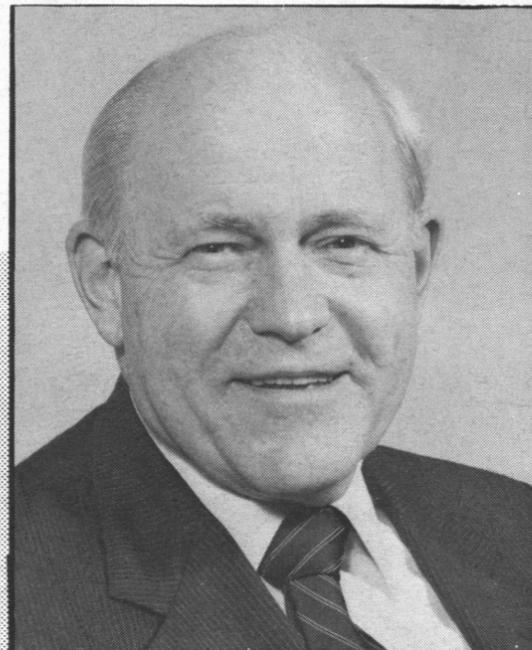

The H. Lee Dennison Award, named in honor of Suffolk County's first chief executive, is presented to the graduating senior who entered Stony Brook as a transfer student, completed at least 60 credits of letter-grade work at Stony Brook and attained the most outstanding academic record at Stony Brook in that work.

The Ceremonies

The commencement ceremonies include both a university ceremony as well as department and school programs. All degrees are presented by President John H. Marburger. The commencement program is coordinated by the Office of Conferences and Special Events, while individual departments and schools organize their own convocations and receptions. A complete schedule of the departmental convocations and receptions is included in the centerfold of *Fortnight*.

Paul C. Lauterbur

John C. Toll
