

In Brief

- Convocation to Set New Tradition
- President Kenny Speaks to Senate
- Seawolves on SportsChannel
- Researcher to Eye Ape's Habits

CONVOCATION READIED: With a sea of flags from over 100 nations represented by the student body and every state in the Union providing a dramatic backdrop to the Staller Center Main Stage, the university will inaugurate a new tradition on Wednesday, September 28, when it holds its first convocation marking the start of the academic year.

The event, which begins at 12:40 p.m., will honor the university's top students, faculty and staff. It will also be the first time Stony Brook's new president, Dr. Shirley Strum Kenny, will address the entire university community. Winners of several major awards will be recognized at the ceremony including the recipient of the Myrna and Emile Adams Diversity Award, distinguished professors and outstanding graduate students, librarians, professional and classified staff.

DR. KENNY ADDRESSES FACULTY SENATE: Dr. Shirley Strum Kenny, Stony Brook's new president, addressed the University Senate on Monday, September 12 for the first time. In her speech, she noted that she had chaired a comparable body at the University of Maryland (College Park) when she was on the faculty there, and feels "deep respect for the importance of the Senate to the well-being of the University." See excerpts on page 4.

She named several immediate priorities, including:

- meeting with the president of the Association of American Universities this week to begin the process which will lead to Stony Brook's gaining AAU status;
- proposing that Stony Brook create a new model for undergraduate education at a research institution;
- streamlining administrative functions to increase efficiency, effectiveness and economy;
- increasing external fundraising;
- improving the image of the university;
- increasing diversity of the student body and faculty.

SEE THE SEAWOLVES ON TV: You can catch the first of five Seawolves athletic events to be televised on the SportsChannel this fall on Wednesday, September 21. That's when Stony Brook's women's soccer team faces local rival Hofstra. Showtime is 3:30 p.m. SportsChannel will also broadcast the university's Homecoming football game against Norwich University on Saturday, October 15, at 1 p.m.

"Those are the two games that we wanted to highlight this fall," says Dr. Richard Laskowski, Stony Brook's dean of Physical Education and Athletics. "In the spring, we will likely televise our lacrosse games against North Carolina, Navy and Rutgers, three of the top teams in the nation." Stony Brook competes in 20 intercollegiate sports at the NCAA Division I and III levels.

CLUES AMID THE APES: A University at Stony Brook researcher will return to the Congo's remote Ndoki Forest in January to study the area's fruit-eating western lowland gorillas. She hopes to determine whether their eating habits can explain man's earliest social history.

Diane Doran, assistant professor of anthropology, set up a laboratory at the site last year, one of the few research and conservation centers dedicated to this species of African ape. Upon her return, she'll begin a long-term study, funded by the National Geographic Society and Leakey Foundation, to test how one of humans' closest relatives—and the least studied of the African apes—searches for fruit.

"If we can determine the diet of early man, we will understand how a change in food supply affected people's relationships," explains Dr. Doran, who gained fame when she took over the work of primatologist Dian Fossey in Rwanda.

In the Congo, she plans to observe whether grouping patterns of gorillas shift at times of sparse and abundant fruit crops. "This is essential information if we are ever to isolate the factors that explain the diverse array of human social organizations and identify the factors that shaped our early social organization," she says.

A Break in the Clouds

For more than a quarter century, scientists modelling the earth's climate have been frustrated by an inability to fully account for the whereabouts and effects of sunlight, specifically solar radiation absorbed by clouds. Baffled by this "anomalous absorption problem," they created computer simulations of the earth's climate that were doomed to drift from reality.

Now, however, two Stony Brook faculty members—Robert Cess and Minghua Zhang—have quantitatively demonstrated that clouds absorb more solar radiation than anyone previously thought. Their discovery has enabled climate modelers in three countries to improve the predictive power of their computer simulations, a step that in turn could lead to a more conclusive verdict on global warming. The Department of Energy last week brought a dozen of the world's leading atmospheric scientists to the Stony Brook campus to ponder the implications of the finding and to plan a further and initial half-million-dollar study of the effect's underlying physics. This will be conducted as part of DOE'S Atmospheric Radiation Measurements (ARM) Program.

Dr. Cess, Distinguished Professor, and Dr. Zhang, assistant professor, in the Marine Sciences Research Center, made their discovery by collocating massive amounts of satellite data to data collected by ground sensors. By matching measurements made above the clouds to those below the clouds, they found they could create precise "snapshots" showing larger-than-expected levels of solar absorption by the clouds. Similar findings have been subsequently reached by four research groups using different methods: lead by Dr. V. Ramanathan, of Scripps Institution of Oceanography (and a former Stony Brook Ph.D. student), using surface-based measurements in the central Pacific; Dr. Thomas Ackerman, of Pennsylvania State University, working in the central Pacific; Dr. Peter Pilewski, of NASA Ames Research Center, using aircraft

measurements in the central Pacific; and Dr. Patrick Minnis, of NASA Langley Research Center, using satellite/surface measurements in the Azores. All four attended last week's DOE-sponsored conference.

Drs. Cess and Zhang announced their initial finding in January to the American Meteorological Society and have made 18 presentations since. Their discovery has been incorporated in climate models at the National Center for Atmospheric Research, Canadian Climate Center, and United Kingdom Meteorological Office, and notable improvements in the quality of climate simulations have been reported.

CLEARLY CORRECT: By demonstrating that clouds absorb more short wave radiation than previously thought, faculty members Minghua Zhang and Robert Cess (holding chart) have made one of the most important advances in climate modelling in the last 30 years.

Arts & Events Weekly

SEPTEMBER 21-SEPTEMBER 28

WEDNESDAY SEPTEMBER 21

Family Medicine Grand Rounds, "Inpatient Presentation," Drs. Valentin, Fingergut, Carlson and Kelly. 8-9:30 a.m. Lecture Hall 4, Level 2, Health Sciences Center. Call 444-2300.

B'nai B'rith Hillel Foundation Service, Festival of Sukkot. 9:30 a.m. By Roth Quad Cafeteria.

"Managing the Managed Care Network" Symposium. 9:30 a.m. Explores all elements of managed care including risk management, service delivery and corporate structure re-engineering. Javits Room, Melville Library. \$175/University Hospital professionals & staff; \$350/non-university personnel; includes course materials, luncheon and coffee breaks. To register, call the School of Health Technology and Management at 444-3180 or 444-3186.

Rock & Movie Poster Sale. 10 a.m.-5 p.m. Fireside Lounge, Stony Brook Union.

Student Activities Fair. 11 a.m.-3 p.m. Fine Arts Plaza (rain location: Fireside Lounge, Stony Brook Union).

Campus NOW Meeting. Noon. Agenda: Create a proposal for a Women's Center in the new Stony Brook Union. Bring lunch. Room S-216, Ward Melville Social & Behavioral Sciences. Call Karen, 632-6235.

Fraternity/Sorority Rush Workshop I. 12:40-2 p.m. Room 214, Stony Brook Union. Call 632-6828.

Group Shop Workshop, Who Is At Risk for Date Rape? 12:45-2:15 p.m. Room 241, Student Health Center. No preregistration. Call the Counseling Center, 632-6715.

Diabetes Support Group. 2:30 p.m. Conference Room 084, 12th Floor, University Medical Center. Call 444-1202.

Seawolves Women's Tennis vs. Adelphi. 3:30 p.m. Tennis Courts.

Televised Seawolves Women's Soccer vs. Hofstra. 3:30 p.m. SportsChannel. Athletic Field.

Group Shop Workshop, Making the Most of Stony Brook. Sophomores & Juniors Only. 3:30-5 p.m.; 5 sessions: September 28, October 5, 12 & 19. Room 226, Stony Brook Union. Limited to first 15 who call 632-6720.

Humanities Institute Two-Day Visiting Fellow Lecture, "Against Proper Objects: Rethinking the Distinction Between Feminism and Lesbian/Gay Studies," Judith Butler, University of California at Berkeley. 5 p.m. Alliance Room, Melville Library. Free. Call 632-7765.

Protestant Campus Ministry Discussion Group: "Faith for the Real World." 6-8 p.m. Dinner, discussion, community building. Interfaith Lounge, Room 157, Humanities. Call 632-6563.

Interspersed Christian Fellowship Social. 6-10 p.m. Stony Brook Union Auditorium.

C.O.C.A. Film, The Flintstones. 7:30 & 10:00 p.m. Stony Brook Union Auditorium. \$3; \$2/l.D. Call 632-6472.

Keller International College Seminar Series, "U.S. - Indonesian Relations in the 1990's," David Hicks, professor, anthropology. 7:30-9:15 p.m. Keller College, 4th Floor Lounge, Roosevelt Quad. Call 632-8455.

Protestant Campus Ministry, Women's Spirituality. 8-10 p.m. Interfaith Lounge, Room 157, Humanities. Call 632-6563.

Zeta Beta Tau Rush. 10 p.m.-1 a.m. End of the Bridge Restaurant, Stony Brook Union. Call 632-6828.

THURSDAY SEPTEMBER 22

FSA Flea Market. 10 a.m.-5 p.m. Stony Brook Union Bi-level. Call Michele Liebowitz, 632-6514.

Humanities Institute Two-Day Visiting Fellow Seminar, "Future Kinship," Judith Butler, University of California at Berkeley. 11 a.m. Room E-4340, Melville Library. Call 632-7765.

Hospital Chaplaincy Interfaith Prayer Service. Noon, Level 5, Chapel, Health Sciences Center. Call 444-2836.

School of Social Welfare Distinguished Lecturer Seminar, "Gender War and the Welfare State," Dr. Richard Cloward, Columbia University. 12:45-1:45 p.m. Level 3, Lecture Hall 6, Health Sciences Center. Call 444-7608.

Group Shop Workshop, Study Skills. 1:30-2:45 p.m. Room 237, Stony Brook Union. No preregistration required. Call the Counseling Center, 632-6715.

Undergraduate Colloquium Series: Exploring Research Frontiers, "The Molecules of Mind," Dr. Paul Adams, professor, neurobiology & behavior and director, Howard Hughes Medical Institute. 4 p.m.; refreshments served. Room S-240, Physics. Call 632-7080.

Cancer Support Group for Patients, Family and Friends. 4-5:30 p.m. Level 5, University Medical Center, Physical Therapy Department. Free parking; validate at meeting. Call 444-1727.

Hillel Sukkot Party. 5 p.m. Cookout, Shashlikh, Israeli dancing. By the Roth Quad Cafeteria. Call 632-6565.

Tokyo Joe's Dance Party. 7 p.m.-1 a.m. Stony Brook Union Ballroom.

FRIDAY SEPTEMBER 23

Last day to file for December graduation clearance. Undergraduate and graduate (except CED) students file applications at Office of Records/Registrar; CED students file at CED Office.

Last day for May graduation candidates (undergraduates) to file degree application at the Office of Records and receive notification before Advance Registration for spring semester.

Polity Leadership Conclave. (Through Sunday, September 25). SB Union. For information, call 632-6460.

Catholic Mass. Noon. Level 5, Chapel, Health Sciences Center Call 444-2836.

Women's Volleyball USB Student Life Invitational. 3:30 p.m. Ithaca, Hunter, Eastern Connecticut. Indoor Sports Complex.

Non-instructional Figure Drawing Workshop. Practice from a live model. 7:30-9:30 p.m. Union Crafts Center, Stony Brook Union. \$5; pay at door. Call 632-6822.

Theatre Arts Production, From My Family's Album. 8 p.m. Humorous and moving portrayal of life in an unconventional household. Two acts: "Katie Malone," and "How Dad Created the World." Guest performing artist Julie Portman, KI Theatre, Washington, Virginia. Staller Center for the Arts. For a free ticket (made possible through The Friends of the Staller Center), call the Box Office at 632-7230.

Alpha Phi Alpha Jam. 9 p.m.-2 a.m. Stony Brook Union Bi-level. Call 632-6828.

C.O.C.A. Film, Crooklyn. 9:30 p.m. & midnight. Stony Brook Union Auditorium. \$3; \$2/l.D. Call 632-6472.

SATURDAY SEPTEMBER 24

B'nai B'rith Hillel Foundation Services. 9:30 a.m., Roth Quad Dining Hall: Conservative - 2nd Floor, Orthodox - Lower Level (followed by Kiddush). Call 632-6565.

Non-instructional Life Drawing. 9:30 a.m.-12:30 p.m. Short poses. Room 4218, Staller Center for the Arts. \$2/students; \$6/non-students; \$30/six sessions. No preregistration necessary. Call 632-7270, or Arthur Kleinfelder, 474-1887.

Women's Volleyball USB Student Life Invitational. 10 a.m. Indoor Sports Complex.

Seawolves Women's Tennis vs. Concordia. Noon. Tennis Courts.

Seawolves Women's Soccer vs. St. Bonaventure. 1 p.m. Athletic Field.

'nai B'rith Hillel Foundation Services. 6 p.m., Roth Quad Cafeteria. Traditional: 1st Floor; Liberal-Reform: 2nd Floor. Call 632-6565.

Faculty Show '94 Exhibit Reception. 6:30-8:30 p.m. University Art Gallery, Staller Center for the Arts. Free. For information, call 632-7240.

Kayaking. Three Saturdays; 7-9 p.m. Pool, Indoor Sports Complex. \$55; \$52.50/equipment fee. Call 632-6822 or 632-6828.

Theatre Arts Production, From My Family's Album. 8 p.m. Staller Center for the Arts. For a free ticket, call the Box Office at 632-7230.

Stony Brook Fencing Club. 8-10 p.m. Main arena, Indoor Sports Complex. Call Leon Moy at 588-3956.

C.O.C.A. Film, Crooklyn. 9:30 p.m. & midnight. Stony Brook Union Auditorium. \$3; \$2/l.D. Call 632-6472.

SUNDAY SEPTEMBER 25

Non-instructional Life Painting. 9:30 a.m.-12:30 p.m. Long poses (6 weeks in a row). Room 4218, Staller Center for the Arts. \$2/students; \$6/non-students. Call 632-7270, or Arthur Kleinfelder, 474-1887.

Stony Brook Fencing Club. 2-4 p.m. Main arena, Indoor Sports Complex. Call Leon Moy, 588-3956.

WEDNESDAY SEPTEMBER 28

Catholic Mass. Noon. Level 5, Chapel, Health Sciences Center. Call 444-2836.

Tau Kappa Epsilon Fund-raiser. Noon-4 p.m. Fireside Lounge, Stony Brook Union. Call 632-6828.

First Annual University Convocation. 12:40-2:10 p.m. Keynote speaker: Dr. Shirley Strum Kenny. Recognition given to teaching and student award winners, as well as Presidential Scholars, Honors College students, and Freshman Examination winners. Features the Stony Brook Gospel Choir and the Camerata Singers. Staller Center for the Arts.

Fraternity/Sorority Rush Workshop II. 12:40-2:10 p.m. Room 214, Stony Brook Union. Call 632-6828.

Diabetes Support Group. 2:30 p.m. Conference Room 084, 12th Floor, University Medical Center. Call 444-1202.

Sibling Preparation Program. For expectant parents and siblings. 4-5 p.m. 9th Floor Conference Room, University Medical Center. Call 444-2960.

Humanities Institute Two-Day Visiting Fellow Lecture, "Writing Beyond Memory: Undoing the Culture of Fear in Chile," Mary Louise Pratt, Stanford University. 5 p.m. Room E-4340, Melville Library. Free. Call 632-7765.

Protestant Campus Ministry Discussion Group: "Faith for the Real World." 6-8 p.m. Dinner, discussion, community building. Interfaith Lounge, Room 157, Humanities. Call 632-6563.

MONDAY SEPTEMBER 26

FSA Flea Market. 10 a.m.-5 p.m. Stony Brook Union Bi-level. Call Michele Liebowitz, 632-6514.

Catholic Mass. Noon. Level 5, Chapel, Health Sciences Center. Call 444-2836.

"Reflections and Refractions" Gallery Talk and Reception. 3-3:30 p.m. Union Art Gallery, 2nd Floor, Stony Brook Union. Free. Call 632-6822.

Prepared Childbirth Courses. 7:30-9:30 p.m. University Medical Center. Preregistration required. Call 444-2729.

TUESDAY SEPTEMBER 27

Student Research Support Program, Biological Sciences Workshop. 10 a.m.-2 p.m. High school students. Sponsored by the Centers for Science, Mathematics & Technology Education and Excellence and Innovation in Education. For information, call 632-7075 or 632-7696.

Psychiatry & Behavioral Science Grand Rounds, "Family Caregiving to and by Older Persons," Dr. Amy Horowitz, The Lighthouse, Inc. 11 a.m.-12:30 p.m. Level 2, Lecture Hall 4, Health Sciences Center. Call 444-2083.

Catholic Mass. Noon. Level 5, Chapel, Health Sciences Center. Call 444-2836.

Free Employee Breast Screening Program. 1-4 p.m. Surgery Mod, Level 5, University Medical Center. No appointment necessary. Call 444-7820.

FSA Farmers Market. 3-6 p.m. North "P" Lot (adjacent to the Stony Brook railroad station). For further information, call 632-6517.

Physics Department Colloquium, "An Atom in a Box (or Electric Dipole Moment of an Electron)," Ed Hinds, Yale. 4:15 p.m. Room 137, Harriman. Call 632-8110.

Wellness/Crafts Center Course, Total Tone. Tuesday/Thursday; through December 1. 5:15-6:30 p.m. Exercise Room, Indoor Sports Complex. \$65/students; \$75/non-students. Call 632-6822 or 632-6828.

Wellness/Crafts Center Course, Yoga. For Beginner & intermediate. Ten Tuesdays; 5:15-6:45 p.m. Stony Brook Union Ballroom. \$60/students; \$70/non-students. Call 632-6822 or 632-6828.

Wellness/Crafts Center Course, Tai-Chi-Ch'uan. Eight Tuesdays; 7:30-9 p.m. Stony Brook Union Ballroom. \$55/students; \$65/non-students. Call 632-6822 or 632-6828.

Prepared Childbirth Courses. 7:30-9:30 p.m. University Medical Center. Preregistration required. Call 444-2729.

Stony Brook Fencing Club. 8-10 p.m. Main arena, Indoor Sports Complex. Call Leon Moy at 588-3956.

Expand Your Horizons with Crafts and Leisure Classes New Colloquium Series Explores the Frontiers of Research Starry Nights, Stony Brook Style

You can make a one-of-a-kind musical instrument at the Union Crafts Center this fall. Sign up for Musical Art Works and create a whistle, a rattle, or whatever wooden instrument you can devise. No prior experience is necessary. The course, taught by Tom Dancourt, will meet for six Wednesdays, beginning October 5 at 7 p.m.

Also new at the Crafts Center is Weaving for the Kitchen. Students will make placemats, napkins, runners, dishtowels—beautiful and useful woven objects. Taught by J. Downs, the course will meet for six Tuesdays, starting October 11, 7 p.m.

The Crafts Center has expanded its offerings this year to include wellness classes in yoga, total tone, vegetarian cooking and Tai-Chi-Ch'uan.

Photography, pottery, clay sculpture, glaze, acrylic and oil painting, floor loom weaving, rag weaving, basketry, book binding, paper making and drawing are also available. In addition, classes are given in kayaking, bartending, social dance, and wine appreciation.

Most courses meet in the evenings. Fees and times vary. Participation is open to the campus and the community, but preregistration is required. For additional information, call 632-6828.

The University at Stony Brook is inaugurating an Undergraduate Colloquium Series. Free and open to the public, the series will present talks by Stony Brook faculty members who are at the forefront of their fields. Refreshments will be served.

Paul Adams, professor of neurobiology and behavior and director of the Howard Hughes Medical Institute, will present the first lecture,

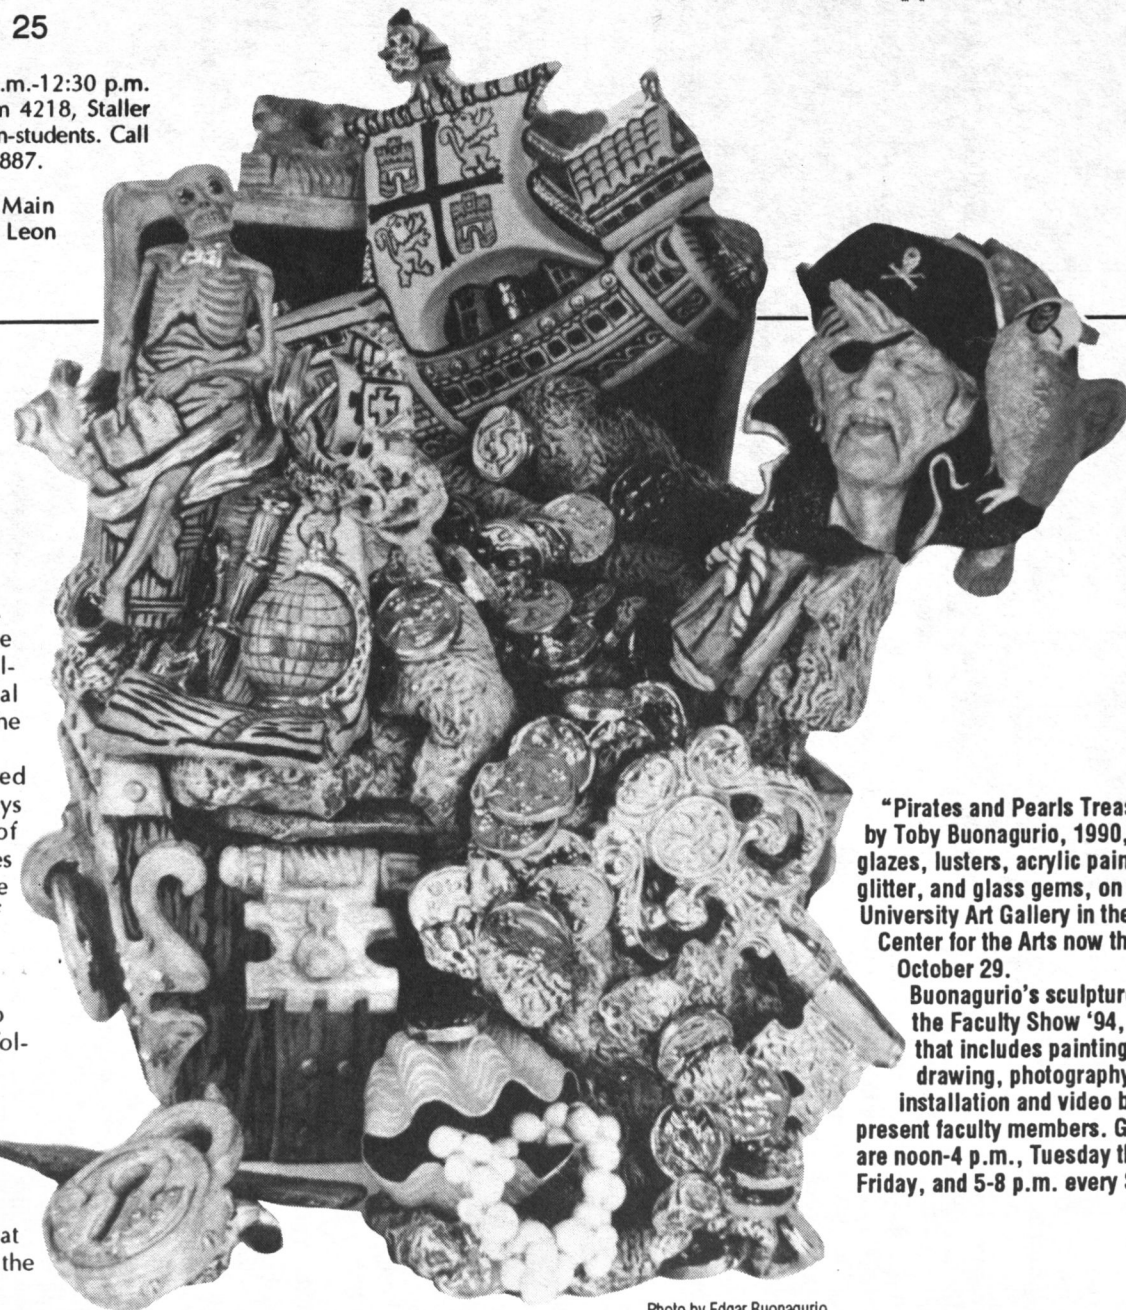

"The Molecules of Mind" on Thursday, September 22, at 4 p.m. in Physics S-240. He will explain the "ion channel," a molecule that makes the brain capable of rapid and flexible electrical signaling. Thought and behavior are encoded as a tapestry of electrical pulses, and what happens on the molecular level results in the emergence of "mind."

On Thursday, October 27, Rose Zimbaro, distinguished teaching professor of theatre arts, will present "Research Journeys through Literature and Culture: Western Views of Easterners/Eastern Views of Westerners" at 4 p.m. The fall series will conclude with a talk, "Computers and Knowledge Engineering: The Architecture and Maintenance of Models of Human Expertise" by David Ferguson, professor of technology and society, on November 17.

On the first Friday night of every month, the public is invited to star gaze. Astronomy talks begin at 7:30 p.m. in ESS Room 001, followed by a visit to the rooftop observatory to use the university's telescopes, weather permitting.

The next Astronomy Open Night will be October 7, when Professor James Lattimer presents "Impacts in the Solar System: Can We Do Anything?"

November 5: Ken Lanzetta, "Matter between the Galaxies."
December 2: Fred Walter, "Cataclysmic Variables: Stars that Go Bump in the Night." For information and to be added to the mailing list, call 632 8200.

"Pirates and Pearls Treasure Chest," by Toby Buonagurio, 1990, ceramic with glazes, lustres, acrylic paint, flocking, glitter, and glass gems, on view at the University Art Gallery in the Staller Center for the Arts now through October 29.

Buonagurio's sculpture is part of the Faculty Show '94, an exhibition that includes painting, collage, drawing, photography, print, installation and video by 22 past and present faculty members. Gallery hours are noon-4 p.m., Tuesday through Friday, and 5-8 p.m. every Saturday.

Photo by Edgar Buonagurio

Strengthening the Flagship

Excerpts from President Shirley Strum Kenny's address to the University Senate, September 12, 1994

the institution as the key to an entirely new, strong undergraduate experience...

This fall I will create a national blue-ribbon committee to study and make recommendations about the nature of the undergraduate experience in a research institution...Please be assured that our revision of undergraduate education will not divert energies or attention from our research mission but will strengthen the entire quality of the institution in innovative ways.

Third, I will focus considerable attention on greater economy, efficiency and effectiveness in administrative functions. It is no secret that our budgetary woes are not over at Stony Brook. We must learn to live within our means, even if our means are not sufficient to our expectations. During the coming year, I will look toward streamlining administrative functions to economize and to create more effective channels.

I will also work to increase external fundraising. There are so many things we need—most particularly more and better scholarships for students...I will work closely with the development staff in order to build our donor base and the size of the gifts.

The excellence of Stony Brook has too often seemed a well-kept secret beyond the world of our peers on other campuses. So I will also give attention to the image of Stony Brook. Image is not just a matter of being good but rather of the perception of excellence. It means our story needs to be told. I will do my best to tell it.

Finally, although we pride ourselves on being one of the most diverse campuses in SUNY, we can do a lot to increase our diversity as we increase the quality of our students...We owe it to all our students to make their cultural experience as broad as possible. We owe it to ourselves to foster diversity in our own ranks...

Let me just thank you for inviting me to speak and tell you again how much I look forward to working with you.

...I feel fortunate to come to an institution in which my role will not be undoing what has been done but rather building on the traditions that have been established here. Having worked with Johnny Toll when I was Provost at the University of Maryland, I know the drive and force with which this institution was created. Having long admired Jack Marburger as one of the outstanding university presidents in the great state of New York, I am pleased to pick up where he has chosen to leave off. My task is not one of fixing things; it is one of what comes next in the continuing growth and strengthening of the flagship campus of the State University of New York. Given the fact that I have for the past nine years been president of a sister institution, also funded by the State (not the City, as some people think), I feel I have an opportunity to move very fast in continuing the work that has been done...With your help, I know that we can make good and exciting things happen this year. I am more than ready to do my part.

Although I am neither rash nor presumptuous enough to declare my goals this early in September...let me give you a sense of how I am starting.

First of all, I have an appointment this week with the President of the Association of American Universities. I believe it is important for us to be chosen for membership in AAU. It is an unusual membership process, and a lot of effort is involved. I can not gauge when our efforts will prove successful, but I will focus on gaining AAU status until we have it.

Second, I think everyone on campus believes we must work on our undergraduate program, even if some may be more enthusiastic for the task than others...I propose that we be a leader rather than a follower in creating the new model for undergraduate education in a major research institution, a model that is not just an attempt to emulate small liberal arts colleges but rather that seizes on the research strengths of

CLASSIFIEDS

WORK/STUDY EMPLOYMENT

INTERNSHIP available (off campus) involving the analysis of the size and structure of various markets, predominantly in the health care area for the purpose of determining the commercial potential of a new technology in that area. The position will involve working two days per week performing literature searches, telephone or in-person interviews and the generation of a report that overviews and quantifies the market under scrutiny.

The candidate for this position should be comfortable in technical discussions, have a knowledge base in biology, chemistry, biochemistry or medicine and strong analytical ability and communications skills. Familiarity with market analysis and financial analysis would be a plus. Those students wanting to be considered for this unique opportunity should forward their resumes or curriculum vitae and cover letter ASAP to Warren Wartell/FSA Student Staffing Resources, Stony Brook Union Bldg, Room 282, Campus Zip 3209.

INTERNSHIP available (off campus) which involves the collection and analysis of technical and market information for use in validating the financial and technical feasibility of candidate technologies that may form the basis for defense industry conversion strategies. This excellent opportunity has the following requirements: graduate student with outstanding grades; two days/week minimum availability; ability to make "cold calls" on the phone to extract technical and market information; science or technical background in mechanical engineering, electrical engineering or electro-optics; good written and verbal communications skills; business experience - academic and real world - a big plus.

Graduate students who wish to be considered for this excellent internship position, should send a resume or curriculum vitae and cover letter to Warren Wartell /FSA Student Staffing Resources, Stony Brook Union Bldg, room 282, Campus Zip 3209.

THE PULSE

a weekly update of news and information from
UNIVERSITY MEDICAL CENTER AT STONY BROOK

"A Walk for Beauty" will endow boutique at Medical Center for women who have had cancer

The Three Village Inn was the site for a gala kick-off for some Long Island "firsts" on September 1. The event was the first step that will lead to the First Annual 6K "Walk for Beauty in a Beautiful Place" to endow a first-ever-on-Long Island boutique for women who have had cancer.

The party was attended by community leaders from the Stony Brook Community Fund and the Three Village Chamber of Commerce. University President Shirley Strum Kenny wrapped up her first full day at Stony Brook by joining the party.

The walk brings together for the first time in a cooperative venture the Medical Center and the Stony Brook Community Fund. Co-sponsor B.C. HELP (Breast Cancer: A Healthy Environment for a Living Planet) marks its first public event with the walk.

The October 8 "Walk for Beauty" will begin at 8 am (registration, 7:30 am) at the Stony Brook Post Office and wind through the village onto Rhododendron Drive and back to the Center Court of the Village Green.

Participation is \$12 per person or \$50 in pledges. Families of up to four people can participate for \$25 or \$75 in pledges.

Pledge sheets are available in shops throughout Stony Brook Village or by calling 444-7880.

KICK-OFF: Stony Brook University President Shirley Strum Kenny holds a "Walk for Beauty" tee-shirt at the kick-off cocktail party at the Three Village Inn on September 1. With her are (from left) Deborah Schreifels, Director of Community Relations for University Medical Center; Gloria Rocchio, President of the Stony Brook Community Fund; Dr. Richard Rugen, Chairman of the Stony Brook Community Fund; and Lorraine Pace, Breast Cancer Education Specialist at University Medical Center.
