

In Brief

- 1994 Benefits Forum November 15, 16
- "Ask SUNY" Day
- University Open House, November 6
- Fun In Store at MSRC Event

BENEFIT TIME COMING UP: November and December are "Benefits Choices" or open enrollment months for State and Research Foundation employees respectively. If you'd like to know more about the choices and have a fun time too, head to the "1994 Benefits Forum" which will be held on Tuesday, November 15, in the Alliance Room of the Melville Library, from 11 a.m. to 3 p.m. The forum will be repeated November 16 in the HSC Galleria from 10 a.m. to 2 p.m. Representatives of health insurance carriers and retirement and tax-deferred programs will be on hand to help employees evaluate their options. While you're there, you can have your body fat checked, cholesterol screened and more, not to mention being eligible to win Thanksgiving turkeys and pies that will be given away as door prizes.

USB EXPERTS HAVE THE ANSWERS:

Director of Admissions Gigi Lamens and Associate Director of Admissions Mildred Greshin are among a group of expert SUNY admissions professionals from across the state taking calls from prospective students during a three-day "Ask SUNY" campaign, November 1-3. By calling a special 800 number (1-800-444-SUNY) between 9 a.m. and 9 p.m. prospective students will be able to get detailed information and guidance on how to apply for admission to any of the 64 colleges and universities in the SUNY system, how to obtain financial aid and a myriad of other questions including enrollment, diversity, campus safety, student activities, programs of study and admissions criteria.

SAMPLING UNIVERSITY LIFE:

Don't expect a quiet Sunday, November 6, at the University at Stony Brook. Last year, more than 3,000 prospective students and their parents showed up for USB's annual admissions open house. An even larger number is expected for this year's annual Fall '94 Open House. The day-long event, which starts at 10 a.m. at the Indoor Sports Complex, gives prospective students and their parents an up-close look at academic programs, university life, the admission process and financial aid including a student-to-student session on "The Freshman Experience" and a special program "For Parents Only." The Open House, which runs until 3 p.m., also includes tours of the campus and residence halls. For information, call 632-6859.

MARINE SCIENCES CENTER personnel are gearing up for their annual Open House, also on Sunday, November 6. The accent will be on family fun as marine sciences personnel guide children of all ages through the mysteries of the deep. Parking and admission is free for this south campus event that runs from 11 a.m. to 4 p.m. Among the attractions: a "touch tank" in which visitors can touch marine life, painting an environmental mural, and a "Seafarer's Scavenger Hunt." Science teachers who attend the event will get a chance to win a class trip aboard the Center's 60-foot research vessel, Onrust. For more information, call 632-8700.

AMATEUR RADIO AND COMPUTER BUFFS will be heading to Stony Brook November 19 and 20 for "Ham Expo '94 Weekend," a two-day hamfest that includes seminars, FCC licensing exams, displays, tours and more. The event — to be held at the Stony Brook Union — is co-sponsored by Radio Central Amateur Radio Club and USB's College of Engineering and Applied Sciences.

MID-DAY CONNECTION: Stony Brook's Department of Parking and Transportation has put its mid-day mini-van runs in full gear, picking up and dropping off faculty, staff and students as well as residents from the greater Three Village community at several off and on-campus sites. The minivans (one eastbound, the other westbound on identical routes) run weekdays from 10:30 a.m. to 1:30 p.m. at 20 minute intervals. The service makes it possible for the campus community to shop, eat or do errands at nearby off-campus sites without taking a car. Off-campus, each van stops in the hamlet of Stony Brook, Rail Road Commons and Setauket Plaza before

Maxine Hicks

CONTEST WINNERS: Monica Brown and Delra Harkness, friends since second grade, won first prize in the Room Decorating Contest that celebrated Roth Quad's official reopening after major renovation. Both won personal computers, courtesy of Campus Residences, Roth Quad's legislature and the Division of Student Affairs. Cash prizes went to roommates Deborah Espanet and Amy Brown for second place, and to Crystal Birk and Sunshin Fung-Cap for third.

UC Berkeley Chancellor to Speak Here November 3

Dr. Chang-Lin Tien, chancellor of the University of California, Berkeley, will speak at Stony Brook on "The Role of Asian Americans in American Higher Education" on Thursday, November 3.

Dr. Tien's views on the subject and on related issues were featured in an article in last week's edition of *Newsweek* magazine.

A Martin Berlin professor of mechanical engineering, Dr. Tien came to the United States 38 years ago and has made major contributions to America's space technology, nuclear reactor safety and energy technology. But, he writes in *Newsweek*, "No matter the scope of my accom-

plishments, when many Americans see my face and hear my Chinese accent, they think of me as an immigrant, first and foremost. In the eyes of many, that has come to mean a drain on public services, a competitor for jobs and a threat to a cohesive society." Dr. Tien is expected to address this issue and more in his 7:30 p.m. address in the Alliance Room, Melville Library.

His talk, which is free and open to the public, is co-sponsored by the Chinese Studies Program, the Social Science Interdisciplinary Program and the Chinese Association of Stony Brook.

Arts & Events Weekly

NOVEMBER 2 – NOVEMBER 9

WEDNESDAY NOVEMBER 2

CED Workforce Development Center Seminar, "Intercultural Communication: Diversity in the Workplace," Kaye Nubel. 9 a.m.-4:30 p.m. (Continental breakfast and lunch.) For registration, fee and location, 632-7065.

Protestant Campus Ministry, Women's Spirituality. 8-10 p.m. Interfaith Lounge, Room 157, Humanities. Call 632-6563.

■ Multimedia Introduction to Japanese Music ■ Practical Advice from *Writer's Digest* Editor ■ Something to Dance About ■ 'Seeking Justice' Show Comes to Union Art Gallery

Composer, professor and music educator Koh-ichi Hattori will present "36,000 Days of Japanese Music," on Thursday, November 10, at 8 p.m. in the Staller Center for the Arts Recital Hall. Sponsored by the Office of the Provost, this Distinguished Lecture is free and open to campus and community.

Mr. Hattori, professor at the Tokyo Kasei University, has presented his mixed media lecture/concert around the United States and Canada as well as in Latin America and Europe, to introduce Japanese culture and music to Western audiences. At Stony Brook, he will be accompanied by Kimiko Fukunari, one of Japan's leading operatic sopranos.

In Japan, Mr. Hattori is well known as an arts and education commentator on television and radio. He has conducted Japanese music with various symphonies both in Japan and abroad. His musical compositions include several published in the U.S. by Boosey & Hawkes (New York) and Southern Music Company (San Antonio), and he is author of several books on music. His major awards include the Record Grand Prix, two Japanese Art Festival Awards of Merit and an Asia Foundation Grant.

The presentation will include video segments, slides, taped and live performances. The program ranges widely, touching on Japanese rock, European folk songs performed in Japanese, contemporary Japanese art songs, and Concerto for Erhu (a traditional Japanese stringed instrument) by Mr. Hattori.

A new series of Cultural Arts Evenings at the University will debut on Friday, November 11, at 7:30 p.m., when *Writer's Digest* editor Peter Blockson presents a guest lecture on "Seven Reasons (and Ways) to Publish." His talk is designed for both published and unpublished writers. A reception will follow the lecture. The event is free and open to the public.

Cultural Arts Evenings will be held in Room S-102 of Social and Behavioral Sciences, adjacent to the garage, where parking is free on weekends.

This will be the first in a series of events sponsored by the School of Continuing Education, with assistance from the Department of Auxiliary Services.

The next Cultural Arts Evening will be on Friday, December 2, when mystery editor and author Michael Seidman will be guest speaker. For further information, call Deborah Hecht at 632-7056 or 491-3042.

The Theatre Arts Department will celebrate tap and swing on Saturday, November 12, beginning at 10 a.m. Organized by Associate Professor Amy Sullivan, the event will include classes, lectures and performances. Dancers and observers are welcome. Guest artists include Bob Crease and the Big Apple Lindy Hoppers, tap artist Jackie Raven and dance historian Ernie Smith.

Master classes will be held for swing, tap, and jazz rhythm/improvisation in the Dance Studio of the Indoor Sports Complex and in Theatre I of the Staller

Center for the Arts. Participants are requested to pre-register. Observers are invited to stop by and watch.

At 3 p.m. guest artists and other dancers, selected by prior audition, will perform in Theatre I.

Mr. Smith will present a multi-media lecture, "Fascinating Rhythms," at 7 p.m. in the Javits Lecture Center, Room 105, featuring vintage film clips of tap's greatest dancers.

The entire day's celebration is free and open to all. For further information and preregistration, call the Department of Theatre Arts at 632-7300.

"Seeking Justice" opens in the Union Art Gallery Monday, November 7, and runs through Tuesday, November 22. The exhibition combines two related shows, "A Simple Matter of Justice," and "Just Us." Both celebrate the diversity of relationships and are sponsored by the University's Lesbian, Gay, Bisexual Alliance (LGBA).

"A Simple Matter of Justice" is a photographic essay composed of over a dozen panels depicting the Lesbian, Gay and Bisexual March on Washington in April, 1993, created by Rose Collins. "Just Us" is a ceramic assemblage by artist in residence Lizzie Zucker Saltz based on interviews with 10 LGBA student members. This is a "please touch" exhibit of small sculptures.

Gallery hours are Monday through Friday, noon to 4 p.m. For additional information, call 632-6822.

Momix presents its unique style of modern dance at the Staller Center on November 19.

In Brief

Continued from front page

returning to the university where it loops around the west, south and east campus. Service begins at 10:30 a.m. at the administration building and terminates at 2:20 p.m. at the hospital loop. The cost? Fifty cents per ride or a campus bus pass.

PEOPLE, PLACES, THINGS: Long Island High Technology Incubator President and Managing Director **Francis "Pat" Hession** has been named New York's Small Business Advocate for 1993 by Governor Mario Cuomo. Before being named to his present post, Hession was project director for the incubator, which is housed in a 42,000 square foot building on Stony Brook's east campus....Fifty Stony Brook faculty members have received grants from the New York State/United University Professionals Joint Labor-Management Committee on Professional Development and Quality of Working Life. They range from a grant to Art Professor **Toby Buonagurio** to deliver a lecture/slide presentation on her ceramic sculpture in Bonn, Germany, to one to political scientist **Mark Schneider** to conduct research on the privatization of government services in India...**Rose Walton**, who pioneered educa-

tion about AIDS/HIV on Long Island and headed the AIDS Education and Resource Center at USB's School of Health Technology and Management, will be honored for her efforts on Sunday, November 20, when the Stonewall Chorale holds an AIDS benefit concert, "A Cause for Singing," at the Staller Center. Tickets are \$35, with proceeds benefiting the AIDS Treatment Center at University Medical Center and the new East End HIV/AIDS Center in East Hampton. For information call 444-2899...Stony Brook's **University Association** is seeking nominations for an award to a USB undergraduate who has successfully returned to college after years away from higher education. A \$500 award will recognize academic excellence and service to the community beyond the campus. For application forms, call Assistant Vice Provost **E. Kaplan** at 632-7080. Deadline: December 9...University News Services Periodicals Designer **Kim Anderson** is among six artists in a printmaking show that opens November 4 at the Meridian Gallery, 318 Sea Cliff Avenue, Sea Cliff. Also in the group is **Elena Osuna**, a Stony Brook MFA candidate. The show runs through November 27.

GIFTED: President Shirley Strum Kenny (left) admires an intricately woven silk cloth presented to her by Wang Hong Min, director of Jiangsu Province, People's Republic of China, Science and Technology Commission (right) following ceremonies at USB's Long Island High Technology Incubator to sign cooperative initiatives between the province and New York State to promote high technology trade and the development of biotechnology and medical products.

CLASSIFIEDS

UNIVERSITY MEDICAL CENTER APPOINTS RON MANNING TO HEAD ISLAND-WIDE HEALTH INITIATIVE FOR UNDERSERVED COMMUNITIES

The University Medical Center at Stony Brook announced the appointment of Ronald C. Manning of Coram, as Director of the Long Island-wide Health Initiative for Underserved Communities.

The Health Initiative, started by Stony Brook in January of this year, has reached directly into many of Long Island's underserved communities, delivering much-needed health care services and identifying community leaders to articulate the needs of their communities.

"Ron Manning's leadership in health care—particularly in bringing healthcare to some of Long Island's neediest families—is an enormous asset to the people of Long Island," says University Hospital's Director and CEO, Dr. Michael Maffetone. "We are strengthening a program which has already touched hundreds of lives since its inception in January."

Manning, who holds a law degree (J.D.) and a M.S. in Human Resource Development and Adult Education, has clerked for NYS Supreme Court Justice Peter F. Cohalan and was appointed by the Governor to the Board of Visitors of Kings Park Psychiatric Center. Long active in community affairs as President of the Longwood Central School Board, and a member of the Boards of the American Heart Association, the Long Island Head Start Child Development Services, Inc., and the NAACP, Manning has served the people of Suffolk County since 1981 as an administrator at the Coram Health Center. In that capacity, he's planned and implemented primary health service and community outreach programs in the areas of HIV counseling and testing, prostate screening, lead screening, mammography, tuberculosis control, women and children's health services, and immunology.

Since January, the University Medical Center's Health Initiative for Underserved Communities has given more than 1,000 men free prostate screenings—a test of particular importance to African American men who suffer from a rate of prostate cancer twice that of the non-African American population. The Medical Center and the American Cancer Society conducted a bilingual, low-cost mammography campaign, reaching more than 150 women. And in the area of children and family services, the University Medical Center signed an agreement with Just Kids Diagnostic and Treatment Center of Middle Island, and held a state sponsored "Decade of the Child Town Meeting" attended by more than 1,000 Long Islanders and representatives of 24 state agencies.

"With Ron Manning directing Stony Brook's Health Initiative, the message to the underserved population of Long Island is clear," said Dr. Maffetone. "That message is: We at the University Medical Center care about all the people of Long Island and we are committed to bringing them the highest quality health care."
