SBU Receives First Rockefeller Grant

Stony Brook's Latin American and Caribbean Studies Center (LACS) has received the Rockefeller Foundation Residential Fellowship in the Humanities—the first ever Rockefeller Foundation grant for the University. Stony Brook is one of nine institutions in North America and South America chosen as residency sites for the humanities fellowships.

The LACS program will bring in a total of eight visiting post-doctoral fellows over the next four years to participate in an interdisciplinary project titled "Durable Inequalities in Latin American Histories, Societies, and Cultures." The project will address problems concerning the resilience of social systems as well as the construction of race, gender, and ethnicity. Fellows will come from fields such as history, sociology, literature, cultural and media studies, politics, economics, and education. The Foundation will provide up to \$325,000 to fund the project.

"This represents a tremendous boost, not only for LACS but also for humanities at Stony Brook and the University as a whole," said President Kenny. "Our vision is to bring in a wave of committed Latin American scholars to the University across a variety of disciplines."

"This prestigious and generous Rockefeller award to Stony Brook LACS represents what many of us here have known for a while: The global excellence of Stony Brook's advanced interdisciplinary scholarship on Latin America," said Professor Paul Gootenberg, Director of LACS.

Convocation Celebrates 40 Years on Campus

e've come a long way," said President Shirley Strum Kenny as she began her State of the University Address on September 19. The annual convocation kicked off an afternoon of celebrating—not just the great accomplishments of the past year but of the past 40 years the University has been in Stony Brook. In her presentation, President Kenny detailed the University's many accomplishments, which include the election into the Association of American Universities; the move to Division I athletics; Stony Brook's dedication to improving undergraduate

education; the addition of Phase II to the Student Activities Center; the renovation of all 26 residence halls and the building of the new apartment complex; the opening of a new athletic stadium; the creation of the Department of Asian and Asian American Studies; and the beautification of the campus. President Kenny also compared life at the University now with life 40 years ago, detailing just how dramatically things have changed. The complete text and slides of the President's presentation will soon be available in print and distributed to all faculty and staff.

Following the address and the introduction of new faculty, President Kenny invited everyone to join her for the Salute to Stony Brook. For more details on the Salute, please turn to pages two and three.

Salute to Stony Broo

housands of faculty, students, and staff joined President Kenny on a perfect, sunny September afternoon to salute the achievements of the University. From square dancing on the Mall and karaoke in the Administration Lobby to duck races in the fountain and a tea party in the library, there was an event for everyone to enjoy. The party included cotton candy, photo buttons, popcorn, dance lessons, jazz music, bed races, and more. A raffle drawing also offered some great prizes, including the grand prize of two round trip tickets on Southwest airlines. The winner of that prize was Dana Tyrrell, a psychology student.

The evening was capped by a stirring tribute to the University and America as the Seawolves football team joined President Kenny and the crowd in singing God Bless America, followed by a fireworks finale.

Here are a few sights from the day's many events:

1. The football team joins President Kenny for the finale. 2. Professor Gerry Brown and his wife Betty demonstrates his cooking talents in the Library Galleria. 4. Student dancers entertain the crowd. 5. During the Karaoke contest, Yvette St. Jacques, Howard Gimple (center!), and Jeanette Reynolds put their spin on The Lady is a Tramp. 6. The Stony Brook ducks prepare for one of their many races. 7. A driving enthusiast tries out a Mini Baja. 8. President Kenny during the singing of Proud to be an American.

India Studies Benefit Raises \$500K

he Center for India Studies, "where scholarship and community service complement each other, is a wonderful success," said Girish Karnad, Jnan Peeth Award winning playwright, actor, and filmmaker. Karnad gave the Keynote Address at the Benefit Dinner for the Center on September 21, at which he was honored for his contributions to Indian theatre, cinema, and culture. The gala attracted scholars, artists, and leaders of the Indian community from around the greater New York area, and featured a dance recital by the famous Bharatanatyam duo, Sitharam and Anuradha Shridhar.

Dr. Nirmal K. Mattoo, President of the India Studies Foundation and Chairman of the Board of Trustees of the Association of Indians in America, announced that to date, the Foundation had raised more than half a million dollars toward its \$2 million goal. The funds are intended to create a permanent endowment for the Center

"The Center has yet again exceeded our expectations," said President Kenny, who was honored for her vision of a multicultural university and leadership in promoting India Studies. "In a brief five years, the Center has achieved extraordinary things. It has established itself nationally as a dynamic commuanger and how to deal with another nity of scholars and served the broader community with outreach programs and intellectual services."

The Center's founder, Professor S.N. Sridhar, attributed the Center's success to the synergy of student interest, faculty dedication, administrative vision, and community activism. Admissions Office Open House

Sunday, November 3

Sunday, November 3, the Office of Undergraduate Admissions will be hosting its annual Open House to preview all of the University's academic departments, student clubs and organizations, athletic programs, personalized student services, and state-of-the-art facilities. Open House registration will begin at 10:00 a.m. in the Atrium of the Sports Complex. Last year, more than 4,500 prospective students and their families attended, representing an all-time record.

Open House is the most important recruitment event of the year. It not only provides an opportunity to showcase the best the University has to offer, it also brings to campus many of the nation's brightest and most accomplished prospective students. This event represents an excellent opportunity for faculty to make a personal impact and help recruit outstanding students. Each year, most of the students who attend go on to apply for admission, which increases the competition for what is already a highly selective admissions process.

All faculty who are interested in the recruitment of high-achieving undergraduates are asked to help in this effort by investing a few hours of their time between the hours of 10:00 a.m. and 2:00 p.m. to chat with students who are interested in their department's undergraduate programs.

For more information, contact Robert Pertusati, Associate Dean of Admissions, at 632-6911 or Robert.Pertusati@stonybrook.edu.
