# STONY CARES

STATE UNIVERSITY OF NEW YORK

#### **SB Charities Put Money To Good Use**

This Year's Campaign Runs Throughout October

"t's the Stony Brook Cares time of year again, and in keeping with this year's theme, "Many small acts of kindness," two organizations housed right here on campus would benefit greatly from your donation dollars. As of October 12, we've raised \$75,000 of our \$285,000 goal.

The Child Care Center is a home away from home for the youngest in our campus community. With 38 full-time employees and between 30 and 50 part-time staffers, depending on need, it is licensed to care for 160 children, 99 percent of whom are the children of University employees. Unpaid interns from the Child and Family Studies Minor receive undergraduate credit for assisting the teaching staff. The Center is housed in a 19,600square-foot building and features eight rooms, equally divided between infants/toddlers and pre-schoolers. Each room has its own playscape backyard that incorporates the natural world.

The University Hospital Auxiliary is comprised of a diverse group of men and women who volunteer their time and talents to help raise money in different ways for hospital projects for which other funding may not be available. When you shop at the hospital gift shop, you are supporting the Auxiliary. Fundraisers include in-house vendor sales, the annual photography contest, holiday plant sales, wine tasting events, art auctions, and membership drives. Monies are used to purchase items ranging from skeins of yarn used by community knitters to craft tiny caps for infants in the newborn unit to a seven-ton ambulance with state-of-the-art lifesaving equipment.

To earmark your Stony Brook Cares donation for either of these charities, or one of the hundreds of others in your Stony Brook Cares packet, list it in the Part 3 section of your participation sheet under "Agencies of Your Choice." Use code number 65918 for the Stony Brook Child Care Center and code number 65923 for the Hospital Auxiliary.

Visit www.stonybrookcares.stonybrook.edu for more information, or you can contact your area captain or call Maureen Veprek at 632-8647.

World-class Restaurateurs Recognize Stony Brook Opportunity In 1984, Malhotra opened Dawat, an instant favorite and, for the next 17 years, was rated by Zagat as the best Indian restaurant in New York City. Bhardwaj was a food and beverage manager at the Taj Group of hotels, India's largest luxury hotel chain. His entry into America was with an Indian restaurant in Queens, New York.

Malhotra and Bhardwaj teamed up and opened Café Spice in New York City's Greenwich Village in 1998. Now, their Café Restaurant Group has expanded to eight locations, including New Jersey and Philadelphia, with more to come.

The prospect of opening a restaurant in the Wang Center was enticing to both Malhotra and Bhardwaj. "It's perfect for the students, professors, and visitors coming to an event at the Staller or Wang centers," Malhotra said.

The 8,300-square-foot facility accommodates more than 350 people and consists of a large open dining room as well as a private dining area for parties and special events. Both dining rooms are positioned near a glass storefront creating a connection to the outdoor pond and garden. The design is based on traditional Asian themes and icons, with a modern flair. Suspended wood ceiling grids, glowing lanterns, river rock pads, bamboo flooring, and bamboo and grass panels are used to give the scale of the existing shell an inviting, modernized Asian-inspired dining experience.

## Ph.D. Student to be Featured on A&E

When Brooke was 11, she was paralyzed from the neck down after being hit by a car walking home from school. She was not expected to survive. After six weeks in intensive care and eight months of rehabilitation therapy, she went on to complete her education, including graduating magna cum laude from Harvard University. She completed her master's in Public Policy at Harvard and is pursuing her Ph.D. at Stony Brook as a Graduate Council Fellow in Political Science. Only ten Graduate Council Fellowships are available each academic year and are given to exceptionally qualified doctoral students. Fellows receive a full tuition scholarship plus a stipend.

Brooke and her mother have also documented their life-changing experience in a book, *Miracles Happen: One Mother, One Daughter, One Journey.* For more information about the movie, visit www.aetv.com/brookeellison.
